Traditional Chinese Pure Land Buddhism emphasizes three elements of Buddhist life as being essential for rebirth in the Pure Land: faith, vows, and chanting the Buddha's name. The Pure Land to which the faithful refer is a realm in which the Buddha Amitabha (in Chinese, Emituo Fo), literally "Infinite Light," resides. To be reborn in the Pure Land can mean rebirth in that realm after one's physical death, or it can mean rebirth here and now into a pure mind.

An introduction to Zen chanting practice, with new accurate and chantable translations of the texts used in Zen centers and monasteries throughout the English-speaking world—by the renowned translator of Dogen and Ryokan. A Zen chant is like a compass that sets us in the direction of the awakened life; it is the dynamic, audible counterpart to the silent practice of zazen, or sitting meditation; and it is a powerful expression of the fact that practice happens in community. Here is a concise guide to Zen chants for practitioners, as well as for anyone who appreciates the beauty and profundity of the poetry in dharma. An introduction to the practice is followed by fresh and carefully considered translations and adaptations of thirty-five chants—some common and others less well known—along with illuminating commentary.

Here are practice poems, novice precepts, and "Mindful Manners" on how to be a Buddhist monk and nun in the Plum Village tradition. With inspiration for every step in the monastic timetable from "Waking Up" and "Taking the First Steps of the Day" to "Lighting a Candle" in the evening, this book was originally compiled for novices who are still learning how to practice mindfulness in daily life. Thus it is perfect for beginners in mindfulness who wish to make progress in their practice at home, for young people considering a life in a spiritual community, and especially for followers of Thich Nhat Hanh who wish to deepen their understanding of the monastic way of life today.

Buddhist Pali chants with English translations for use by students in Meditation Retreats. Pali is an Indo-Aryan language, current in Northern India at the time the Buddha was teaching and used by him. It is the language in which his teaching is preserved in the Tipi aka, the sacred texts of Theravada Buddhism. It was an oral language. It had no alphabet of its own. The Buddha's teachings were not written down until the Fourth Buddhist Council in Sri Lanka in 29 BCE, in Sinhala script approximately four hundred and fifty-four years after the death of Gautama Buddha. Pali was also written in Brahmi script as in the rock-cut edicts of Asoka in north-central India, dated to 250-232 B.C. Pali has been transliterated into the alphabets of many languages. I have used the Roman transliteration used by the compilers of the first Pali Dictionary for the Pali Text Society. "

A renowned Zen master and Nobel Peace Prize nominee introduces a Buddhist approach to practicing authentic love in our everyday lives. In this eye-opening guide, Zen monk Thich Nhat Hanh offers timeless insight into the nature of real love. He also emphasizes that in order to love in a real way, we must first learn how to be fully present in our lives, and he offers simple techniques from the Buddhist tradition that anyone can use to establish the conditions of love. Thich Nhat Hanh, a Vietnamese Zen Buddhist monk, is an internationally known author, poet, scholar, and peace activist who was nominated for the Nobel Peace Prize by Martin Luther King Jr.
