ancient layers of the past.

America Before

In this exciting new volume several leading researchers use

settlement ecology, an emerging approach to the study of

archaeological settlements, to examine the spatial arrangement of prehistoric settlement patterns across the

Americas. Positioned at

Online Library

Chapter 1

the intersection of geography, human ecology, anthropology, economics and archaeology, this diverse collection showcases successful applications of the settlement ecology approach in archaeological studies and also discusses associated techniques such as GIS, remote sensing and statistical and

Online Library

Chapter 1

modeling applications.

Using these methodological advancements the contributors investigate the specific social, cultural and environmental factors which mediated the placement and arrangement of different sites. Of particular relevance to scholars of landscape and settlement

Online Library

Chapter 1

archaeology, Settlement Ecology of the Ancient Americas provides fresh insights not only into past societies, but also present and future populations in a rapidly changing world.

This volume accompanies a major international loan exhibition featuring more than three hundred

Online Library

Chapter 1

works of art, many rarely or never before seen in the United States. It traces the development of gold working and other luxury arts in the Americas from antiquity until the arrival of Europeans in the early sixteenth century. Presenting spectacular works from recent excavations in Peru, Colombia, Panama,

Online Library

Chapter 1

Costa Rica, Guatemala, and Mexico, this exhibition focuses on specific places and times—crucibles of innovation—where artistic exchange, rivalry, and creativity led to the production of some of the greatest works of art known from the ancient Americas. The book and exhibition explore not only artistic practices but

Online Library

Chapter 1

also the historical, cultural, social, and political conditions in which luxury arts were produced and circulated, alongside their religious meanings and ritual functions. Golden Kingdoms creates new understandings of ancient American art through a thematic exploration of indigenous ideas of value

Online Library

Chapter 1

and luxury. Central to the book is the idea of the exchange of materials and ideas across regions and across time: works of great value would often be transported over long distances, or passed down over generations, in both cases attracting new audiences and inspiring new artists. The idea of exchange is at the intellectual heart of this

Online Library
