A chase is an electrical application where strings of adjacent light bulbs cycle on and off frequently to give the illusion of lights moving along the string. With computerized lighting consoles , building chase sequences has become easier, while previously chases used mechanical means, such as a wheel with an electrified spindle which strikes electrical contacts for each circuit.

The Media Project is a network of mainstream journalists who are Christians pursuing accurate and intellectually honest reporting on all aspects of culture, particularly the role of religion in public life in all corners of the world. It welcomes friends from other faiths to such discussions and tra

The sixth volume of the translation of al-Tabari's History deals with the ancestors of Muhammad, with his own early life, and then with his prophetic mission up to the time of his Hijrah or emigration to Medina. The topics covered mean that this volume is of great importance both for the career of Muhammad himself and for the early history of Islam. Al-Tabari was familiar with, and made use of, the main early source of these matters, the Sirah or life of Muhammad by Ibn Ishaq, a work which is still extant. Although his own treatment is briefer than that of Iban Ishaq, it complements the latter in important ways by making use of other sources. Where Ibn Ishaq gave only the version of an event which he preferred, al-Tabari includes any variants which he considered of value. Thus he mentions the dispute about the first male to become a muslim--'Ali or Abu Bakr or Zayd--and has also several variant accounts of the call to hostility toward Muhammad from many of the leading Meccans and their attempts to put pressure on his family to stop his preaching. The negotiations with the men of Medina which eventually led to the Hijrah are fully described, and there is then an account of how Muhammad escaped an assassination attempt and arrived safely in Medina. A concluding section discusses some chronological questions. This volume does not merely give a straightforward account of the earlier career of Muhammad and the beginnings of Islam, but also contains valuable source-material not easily accessible otherwise, or not accessible at all.

"Johnson eloquently conveys the absolute devastation Ana experiences at what feels like the ultimate betrayal by the person she loves most" – Reader's Favorite

A powerful and heart-wrenching story of one woman's struggle with polygamy.

After spending her life fantasizing about her dream husband, Ana believes she's finally found the one when she meets Alec Coleman. He's charming, witty, and has looks to die for. The two feel an instant attraction, and it seems like Ana's dreams have finally come true.

But when Alec rekindles his relationship with a former ex-girlfriend, Ana's perfect life soon spirals into chaos. As a recent convert to Islam, Ana discovers that her new religion allows men to take multiple wives – and she's forced into a polygamous marriage. Grappling with feelings of betrayal and unsure how she can possibly share her husband with another woman, Ana learns why polygamy is called "the mother of all pain".

Gritty, poignant, and deeply moving, *The Silent Tears of Polygamy* is an eye-opening novel which explores the struggle that countless women in polygamous marriages go through every day. Inspired by a true story, this book provides a unique and memorable insight into the feelings and thoughts of a first wife battling with jealousy and insecurity. A cautionary tale, Ana's story reveals how women can maintain their identity and take back control of their lives one prayer, one voice, and one grueling day at a time.

What readers are saying:

"Not only did Robin manage to word feelings in ways in which I never could, she managed to show the secrets of the little box all first wives keep closed up inside their heads." - Reviewer

"It was an absolute page turner, extremely well-written. Every detail was so clear and comprehensible." - Reviewer

"When I was reading Robin's book, I couldn't put it down until I was done. My husband didn't know what to do because I would be crying but still refuse to stop reading" - Reviewer

Sir Arthur Conan Doyle's work has doubtless its place among the books dealing with The Great War, being built up from narratives, letters, diaries, and personal interviews, often with the help of the principal actors in the events narrated. It is dedicated to the general reader, who wishes a coherent account of the Great War, an account which shall not make large demands on his previous knowledge and which is written in easy, readable style. The emphasis is definitely and intentionally on English action and English achievement. And Sir Arthur Conan Doyle has the true heart of the military historian. This is volume one out of six, covering the outbreak of the war up to the winter of 1914.

Prepare to Enter 21 New Doorways of Healing You're already on a spiritual journey. Or perhaps, you're starting one right now. You've embarked on this path because you were curious to find out the Truth about life. Perhaps you felt lost, alone or without direction. Or, perhaps you or someone in your life became ill -- spiritually, physically, mentally or emotionally -- and you were desperate to find a way to heal the pain. You know the answer lies somewhere within the depths of your soul, but you don't know how to reach it, connect with it or hear its wisdom. If only you had some sort of inner guidance system -- a 'GPS' -- to help you navigate back to the right path. This is the book that can help you tap into and master that inner GPS... "21 Layers of the Soul: healing the karmic ties with friends, lovers, family and enemies" In this book, author Annemiek Douw MSc shares over 100 case histories from more than 15 years of healing work, during which time she discovered the 21 layers of the aura -- something never before revealed in any other healing book. Meticulously analysed and defined, Annemiek shows us how exploring these 21 layers can provide us with a clear blueprint of the intricate system that leads us to incarnate on the Earth. You'll learn the meaning of each of the 21 layers, and how to recognise their influence in your life, so you can start to unravel so many of the mysteries that have perplexed you for decades -- or perhaps even lifetimes. If you've ever wondered... Whether there is such a thing as 'family karma' Whether there is an ultimate plan for your life Whether we make 'soul agreements' with others before we are born Whether we can become influenced by the whole of humanity ...then, this book will give you both practical and intuitive answers to the questions you've been asking. You'll discover how these 21 layers can help explain: Why some people can't stop cheating on their spouse Why some children die in infancy Why sexual abuse is impacting your life Why the death of a loved one can sometimes make you ill Why you're just not meeting the love of your life How and why angels, guides, light beings and deceased loved ones communicate with you Why you suffer from thyroid problems, chronic fatigue syndrome, or other health issues Why some Autistic children have extraordinary (and even paranormal) perceptual abilities Why you're not recovering from cancer after your treatment is over How you suffer when you block your natural paranormal abilities And much more Simply by reading how Annemiek worked with these real-life patients to unblock each specific layer, you'll begin to heal at an energetic level and grow as a soul. And then, as you learn how to recognise the influences of these 21 layers in your own life, you can deepen your healing through five of Annemiek's unique clearing exercises, which you'll find in the back of the book. So after all your spiritual searching, if you're finally ready to find ONE book that can help you get reconnected and regain the peace and ease you so dearly desire, pick up "21 Layers of the Soul" and start to navigate the wonderful journey back to your Self.

Half way along the north side of the main street of Highmarket an ancient stone gateway, imposing enough to suggest that it was originally the entrance to some castellated mansion or manor house, gave access to a square yard, flanked about by equally ancient buildings. What those buildings had been used for in other days was not obvious to the casual and careless observer, but to the least observant their present use was obvious enough. Here were piles of timber from Norway; there were stacks of slate from Wales; here was marble from Aberdeen, and there cement from Portland: the old chambers of the grey buildings were filled to overflowing with all the things that go towards making a house—ironwork, zinc, lead, tiles, great coils of piping, stores of domestic appliances. And on a shining brass plate, set into the wall, just within the gateway, were deeply engraven the words: Mallalieu and Cotherstone, Builders and Contractors. Whoever had walked into Mallalieu & Cotherstone's yard one October afternoon a few years ago would have seen Mallalieu and Cotherstone in person. The two partners had come out of their office and gone down the yard to inspect half a dozen new carts, just finished, and now drawn up in all the glory of fresh paint. Mallalieu had designed those carts himself, and he was now pointing out their advantages to Cotherstone, who was more concerned with the book-keeping and letter-writing side of the business than with its actual work. He was a big, fleshy man,...

Dan Wakefield was a successful writer of novels, nonfiction, and screenplays when he awoke to a private life that was disintegrating in alcohol, depression, and isolation. He fled Hollywood for Boston where he reclaimed a faith he had thought he was too sophisticated to embrace. In this moving memoir, Wakefield returns to his religious roots and his early life: his Indiana boyhood, his tumultuous student days, and his growth as a writer.

Take this unique opportunity to explore the people, places, and events that have shaped North Queensland and the Tropics through a stunning selection of the most rare and precious artefacts, including original manuscripts and artworks, drawn from the JCU Library Special Collections. Journey through 150 years of history as you encounter explorers and creators of all kinds and gain insights into life - on the land, in our towns and on the Great Barrier Reef.
