While two of them died in childhood, a third, Cleopatra Selene, survived and was married to Juba II, a protégé of Octavian who became ruler of Numidia, a client kingdom of Rome in northwest ...

Cleopatra: Facts & Biography | Live Science  
Cleopatra are an R&B/pop girl group from the UK. Their debut single, "Cleopatra's Theme" entered the UK Singles Chart at number 3, and the Billboard Hot 100 at number 26. They parted ways with WEA after the release of their second album.

Synopsis coming soon.....

The Pulitzer Prize-winning biographer brings to life the most intriguing woman in the history of the world: Cleopatra, the last queen of Egypt. Her palace shimmered with onyx, garnets, and gold, but was richer still in political and sexual intrigue. Above all else, Cleopatra was a shrewd strategist and an ingenious negotiator. Though her life spanned fewer than forty years, it reshaped the contours of the ancient world. She was married twice, each time to a brother. She waged a brutal civil war against the first when both were teenagers. She poisoned the second. Ultimately she dispensed with an ambitious sister as well: incest and assassination were family specialties. Cleopatra appears to have had sex with only two men. They happen, however, to have been Julius Caesar and Mark Antony, among the most prominent Romans of the day. Both were married to other women. Cleopatra had a child with Caesar and--after his murder--three more with his protégé. Already she was the wealthiest ruler in the Mediterranean; the relationship with Antony confirmed her status as the most influential woman of the age. The two would together attempt to forge a new empire, in an alliance that spelled their ends. Cleopatra has lodged herself in our imaginations ever since. Famous long before she was notorious, Cleopatra has gone down in history for all the wrong reasons. Shakespeare and Shaw put words in her mouth. Michelangelo, Tiepolo, and Elizabeth Taylor put a face to her name. Along the way, Cleopatra's supple personality and the drama of her circumstances have been lost. In a masterly return to the classical sources, Stacy Schiff here boldly separates fact from fiction to rescue the magnetic queen whose death ushered in a new world order. Rich in detail, epic in scope, Schiff 's is a luminous, deeply original reconstruction of a dazzling life.

From the internationally bestselling author of Nefertiti comes the tumultuous story of Antony and Celopatra's daughter, Selene. The marriage of Marc Antony and Cleopatra is one of the greatest love stories of all time, a tale of unbridled passion with earth-shaking political consequences. When the lovers choose to die by their own hands, their three orphaned children are taken in chains to Rome; only two--the ten-year-old twins Selene and Alexander--survive the journey. Delivered to the household of Octavian's sister, the siblings cling to each other and to the hope that they will return one day to their rightful place on the throne of Egypt. Recounted in Selene's youthful and engaging voice, Moran introduces a compelling cast of historical characters: Octavia, the emperor Octavian's kind and compassionate sister, abandoned by Marc Antony for Cleopatra; Livia, Octavian's bitter and jealous wife; Marcellus, Octavian's handsome, flirtatious nephew and heir apparent; Tiberius, Livia's sardonic son and Marcellus's great rival for power; and Juba, Octavian's watchful aide, whose honored position at court has far-reaching effects on the lives of the young Egyptian royals. Selene's narrative is animated by the concerns of a young girl in any time and place--the possibility of finding love, the pull of friendship and family, and the pursuit of her unique interests and talents. And as Selene and Alexander come of age, they are buffeted by the personal ambitions of Octavian's family and court, by the ever-present threat of slave rebellion, and by the longings and desires deep within their own hearts. Based on meticulous research, Cleopatra's Daughter is a fascinating portrait of imperial Rome and of the people and events of this glorious and most volatile period in human history. Emerging from the shadows of the past, Selene, a young woman of irresistible charm and preternatural intelligence, will capture your heart.

Cleopatra VII Philopator was the last active ruler of the Ptolemaic Kingdom of Egypt, nominally survived as pharaoh by her son Caesarion. She was also a diplomat, naval commander, polyglot, and medical author. As a member of the Ptolemaic dynasty, she was a descendant of its founder, Ptolemy I Soter, a Macedonian Greek general and companion of Alexander the Great.

- Inside you'll read about**
- Rome comes to Egypt
  - Sibling rivalry
  - Caesar and Cleopatra
  - Assassination
  - Antony and Cleopatra
  - An Alexandrian idyll
  - Dusk approaches
- And much more!**

Julius Caesar maintained a private affair with Cleopatra that produced a son, Caesarion (Ptolemy XV). When Caesar was assassinated Cleopatra attempted to have Caesarion named as his heir, but this fell instead to Caesar's grandnephew Octavian. In the Liberators' civil war Cleopatra sided with the Roman Second Triumvirate formed by Octavian, Mark Antony, and Marcus Aemilius Lepidus. Cleopatra had an affair with Antony that would eventually produce three children: Alexander Helios, Cleopatra Selene II, and Ptolemy Philadelphus. Octavian's forces invaded Egypt and defeated those of Antony, leading to his suicide. When Cleopatra learned that Octavian planned to bring her to Rome for his triumphal procession, she committed suicide by poisoning, the popular belief being that she was bitten by an asp.

This is an EXACT reproduction of a book published before 1923. This IS NOT an OCR'd book with strange characters, introduced typographical errors, and jumbled words. Learn all about Cleopatra, a far more capable and powerful ruler than people have thought, in this lively and informative biography. Most of what we've known about Cleopatra--and what crept into art, film, and literature--came from her enemies, the Romans. Ascending to the throne at young age of 17, Cleopatra proved to be a brilliant negotiator who forged alliances that kept her in power and in control of her kingdom. This book about Egypt's last and most famous pharaoh features an inviting text, many sidebars, and excellent color illustrations: maps, photos of ancient artifacts, and artworks from many historical periods.
