The Clone Wars comics in general are all trying hard to be gritty and mature, so it's nice to have one (two, if you include Vol.1) which is just a bit of classic Star Wars fun. Despite my preconceptions, I

continue to love  
the 2D art style  
because of the  
more ingenuity  
used by the artists  
to provide  
perspective,  
movement and  
tone.

Star Wars: Clone Wars Adventures is an ongoing series from Dark Horse comics that takes its inspiration from the extremely successful Clone

Wars cartoon series. This inspiration is visible in both the short, action-packed nature of the stories as well as in the art style itself. Volume Three contains four stories as follows:
