The Complete Idiot's Guide to Linux. The Complete Idiot's Guide to Linux is yet another book for the newcomer to Linux. The layout of the book is just like others in the Idiot's series, so if you have read one of the others, this one will seem familiar. I've personally never understood why a company would choose to insult their customers by calling them "idiots" or "dummies", but it seems to work--this is a popular series.

OWS, I am doing some cleaning and I just stumbled on the original CD from "The Complete Idiot's Guide to Linux" which is the first copy of Linux that I ever used. It's the disc that contains the original copy of Caldera Linux from the mid to late 1990s that Andy West and I picked up at a Borders in Rochester, New York and was used to run our first server and client farm for MUD gaming!
