Escrito de manera clara y concisa, esta nueva edición combina las últimas investigaciones y técnicas sobre la comunicación con ejemplos de la vida real contemporánea. Estos ejemplos contemporáneos son una excelente ayuda para aplicar la teoría a la prácti

Now in its 15th edition, this groundbreaking human communication text equips students with the communication skills they need to be successful communicators. COMMUNICATE!
engages students in active learning through theory, application and tools for practicing and assessing specific communication skills

in interpersonal, intercultural, group, and public speaking settings, and in face-to-face and virtual environments. Skill-building exercises, including speech-plan action step activities, guide students through the speech preparation process. COMMUNICATE! provides lively contemporary examples and sample student speeches that ground theory, increase comprehension, and help students become skillful communicators. The role of ethics in communication is integrated throughout the text, as is the role of technology and social media. The chapters on listening (Ch. 6) and presentational aids (Ch. 13) have been significantly revised. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Molefi Asante is a pioneering thinker who delves deeply into the complex dynamics of the legacy of white supremacy in America. In this book, his most profound and probing work, he lays bare the obstacles and challenges to American democracy in the twenty-first century. This book must be read by all those concerned about the future of the American nation. -CORNEL WEST, Princeton University

Did the election of Barack Obama to be President of the United States signal real progress in bridging America's longstanding racial divide? In this profound study of systemic racism, Molefi Kete Asante, one of our leading scholars of African American

history and culture, discusses the greatest source of frustration and anger among African Americans in recent decades: what he calls the wall of ignorance that attempts to hide the long history of racial injustice from public consciousness. This is most evident in each race's differing perspectives on racial matters. Though most whites view racism as a thing of the past, a social problem largely solved by the civil rights movement, blacks continue to experience racism in many areas of social life: encounters with the police; the practice of red lining in housing; difficulties in getting bank loans, mortgages, and insurance policies; and glaring disparities in health care, educational opportunities, unemployment levels, and incarceration rates. Though such problems are not expressions of the overt racism of legal segregation and lynch mobs- what most whites probably think of when they hear the word racism-their negative effect on black Americans is almost as pernicious. Such daily experiences create a lingering feeling of resentment that percolates in a slow boil till some event triggers an outburst of rage. Asante argues that America cannot long continue as a cohesive society under these conditions. As we embark upon new leadership under America's first African American president, he urges more public focus on redressing the wrongs of the past and their continuing legacy. Above all, he thinks that Americans must seriously consider some system

of reparations to deal with both past and present injustices, an apology, and our own truth-and-reconciliation committee that addresses both the history of slavery and present-day racism. Only in this way, he feels, can we ever hope to heal the racial divide that never seems to be erased. This is a powerful, deeply perceptive analysis of a crucial social problem by one of America's leading thinkers on race. Molefi Kete Asante (Philadelphia, PA), the creator of the first doctoral program in African American Studies, is professor of African American Studies at Temple University and the author of more than 50 books, including *Erasing Racism: The Survival of the American Nation and Race, Rhetoric, and Identity: The Architecton of Soul*.

All the skills you need to know to become a confident speaker and conquer speaking anxiety are thoroughly covered in *THE CHALLENGE OF EFFECTIVE SPEAKING IN A DIGITAL AGE, 16E*. A pioneer in the field, this best seller guides you through six key Speech Planning Action Steps: topic selection, audience analysis and adaptation, effective research (including appropriate use of Internet resources), organization (with an emphasis on outlining), presentational aids (and how to avoid succumbing to death by PowerPoint), and language and delivery. The new edition also includes many online tools, such as videos of student speeches

accompanied by Interactive Video Activities that help develop and strengthen public speaking skills. Grounded in the latest research, this new edition is an exceptional resource for creating and delivering speeches. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Continually praised by reviewers for its clear and concise writing style, this ground breaking and market-leading textbook is theory-based with a skill building and competency orientation. The authors provide lively, contemporary examples to ground theory, to increase comprehension, and to help you become skillful communicators. COMMUNICATE! encourages active learning through well-designed analytical and skill-building activities, video scenarios, ethics cases, speech action-step exercises, and sample speeches. This book will help you understand theory, and help you improve your communication skills. The twelfth edition of COMMUNICATE! reflects important changes in the field and has been updated to reflect the issues and interests of today's college students.

Now in its 14th edition, this ground-breaking, market-leading fundamentals of human communication text helps readers improve their communication competency by

becoming proficient in using theory and research-grounded communication skills. Praised for its clear and concise writing style, this new edition includes increased coverage of how technology and social media are changing communication practices and offers guidelines for best practice. Lively contemporary examples and sample speeches ground theory, increase comprehension, and help readers become skillful communicators. COMMUNICATE! engages students in active learning through theory, application and skill-building exercises including speech action step activities that guide students through the speech preparation process. The role of ethics in communication is integrated throughout the text, and students can also apply ethical principles to case situations. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Known for its clear and concise writing style, this ground breaking and market-leading fundamentals of communication text focuses on skill building and competency orientation. The authors provide lively, contemporary examples to ground theory, to increase comprehension, and to help you become a skillful communicator. COMMUNICATE! International Edition encourages active learning through well-designed skill-building activities, video scenarios, ethics cases,

speech action-step exercises, and sample speeches. This book will help you understand communication theory, and help you improve your communication skills. With co-author Deanna Sellnow joining the author team, the Thirteenth Edition of COMMUNICATE! incorporates important theoretical updates in the field and reflects issues and interests of today's college students.

CONTENIDO: Teoría de la comunicación - El concepto de comunicación - El proceso de información frente a la comunicación - Niveles de interdependencia comunicativa - Comunicación y cultura - Funciones de la comunicación lingüística - Las barreras de la comunicación - Comunicación escrita - Comunicación oral.

This exciting new textbook provides exceptional coverage of the essential topics taught in a modern operations management course. Its highly current coverage includes contemporary and relevant service theory and applications. Appropriate manufacturing applications and theory are included where relevant. The book's modern/strategic approach addresses OM from a cross-functional perspective, which views operations as linked to all other functional areas of an organization, such as marketing and finance. The strategic approach takes into consideration the integration of technology and how it changes the way a firm operates.

Recognition of this current trend is the main differentiating factor for this Collier/Evans text. The book provides equal coverage of manufacturing and services theory and applications, while placing an emphasis on the integration of the value chain.
