A conspiracy theory is an explanation for an event or situation that invokes a conspiracy by sinister and powerful groups, often political in motivation, when other explanations are more probable. The term has a negative connotation, implying that the appeal to a conspiracy is based on prejudice or insufficient evidence. Conspiracy theories resist falsification and are reinforced by circular ...

[Conspiracy theory - Wikipedia](#)

This is a list of conspiracy theories that are notable. Many conspiracy theories relate to clandestine government plans and elaborate murder plots. Conspiracy theories usually deny consensus or cannot be proven using the historical or scientific method and are not to be confused with research concerning verified conspiracies such as Germany's pretense for invading Poland in World War II.

[List of conspiracy theories - Wikipedia](#)

Conspiracy theory, an attempt to explain harmful or tragic events as the result of the actions of a small, powerful group. Such explanations reject the accepted narrative surrounding those events; indeed, the official version may be seen as further proof of the conspiracy. assassination of John F. Kennedy
