Crank The Gibson Boys Book 1 - TruyenYY

The Gibson Boys Collection Publisher's Summary The Gibson Boys Collection is a feel-good, small-town series featuring blue-collar alpha males and smart, capable heroines. Sweet and steamy, the Gibson Boys enjoys favorite tropes such as second-chance romance, blue collar vs. silver spoon, enemies to lovers, and more.

The Gibson Boys Audiobooks | Audible.com

Crank is the first book in the Gibson Boys, a fantastic new series from Adriana Locke with links back to the Landry series. You don ' t have to have read the previous series first, but it would make the story even better if you did. If you haven ' t read any of Adriana ' s books before (why the heck not!!!) then you ' re in for a treat.

They're not quite enemies. Not really friends. More like frustrated balls of sexual tension and neither will give in. Lance Gibson drives Mariah Malarkey absolutely crazy. He uses her office like a phone booth, takes cupcakes from the corner of her desk like she baked them just for him. She didn't. Maybe she knew the history teacher happened to love peanut butter icing, but that was purely a coincidence. All sixteen times. Mariah has a way of getting under Lance's skin too. She calls him out on his crap, spoils him even if inadvertently, and seeing the librarian in skirts drives him wild. She won't give in. It's for the best, really, considering there's no way he could lie to a woman like that and he's not about to tell her the truth about himself. Not in a million years. These two don't hate each other. They don't really like each other. But for this to be a friends-to-lovers story, they have to start somewhere, right? Note: This can be read as a standalone novel.

USA Today Bestselling author Adriana Locke brings laughter and love in this fresh unexpected romance. Love is crazy. Peck Ward, the sweet, small-town mechanic, isn't sure it's for everyone. Least of all him. His life is chaotic enough without adding the pressure of a relationship. Besides, unrequited love is a real thing and he's kind of over it. This works out perfectly until a certain someone throws a wrench-pun intended-into his plans. As they go from adversaries to friends to possibly something more, things get complicated. After all,

they know how this story ends. It's not with them together. His easy grin is enough to win her over. Her unabashed personality does him in. But are they ready to accept the fact that sometimes you don't find love where you're looking for it? Sometimes you find it in the most unexpected, craziest places.

Cross Jacobs was a screw-up. Everyone knew it, especially him, and the point was hammered home when Kallie Welch drove herself right out of his life. But, she's back. Seeing Cross wasn't on Kallie's to-do list. She didn't think she could avoid him forever but trying never hurt anyone. One minute she's standing by herself and the next she's accosted by a rich, velvety scent that could only belong to one man: Cross. At face value, he's divine. All rugged and confident with a smile that melts her right where she's standing. It doesn't take long to find him to be charming, witty, and the owner of a few legitimate businesses. Not at all like the mischievous boy she left. He laughs and her heart flutters. With a touch of his hand, she's dizzy. She's fairly certain she's going to die when he pulls her into an embrace and touches his lips to her forehead. It feels right. It feels so right. But is it? Cross is a novella, originally published in the Team Player Anthology. Cross includes three chapters not included in the original story. There are also two Gibson Boy short stories, Restraint and Crash, included at the end for your enjoyment.

Two childhood friends are playing house--and maybe playing for keeps--in USA Today bestselling author Adriana Locke's funny, sexy, and unpredictable marriage-of-convenience romance. To save her Tennessee bed-and-breakfast, Sophie Bates needs a fast-cash miracle. Holden McKenzie, her childhood best friend, needs to prove to a prospective employer that he's a committed man. Their fortunes on the line, Holden proposes...a solution. He'll take care of Sophie's bills if she agrees to a temporary marriage of convenience. And why not? They're comfortable together, they have fun, and they trust each other. It's as simple as saying "I do." But the off-the-cuff wedding has all of Honey Creek talking--and Sophie and Holden realizing that their perfect arrangement is working too well. If they're not careful, this marriage could turn into a love story.

People say not to believe the things you read in magazines, but you know what? Most things you've heard about me are probably true. I totally banged the reporter in the locker room after the championship game last year. Those pictures in Expose from last summer? Those were not modified. I'm also not really six-foot tall. (But let's keep that between us.) Now, I know you're wondering about that last Expose headline-the one about me and my teammate (and ex-best friend) Finn Miller's sister, Layla James. That one is a little more complicated. Here's the thing: I've played football my whole life. If there's one thing I know, it's how to adjust when the game changes. And if there's one thing I always do, it's find a way to win. Granted, the stakes are higher. The playbook has changed. There's more on the line than (another) MVP title. But guess what hasn't changed? Me. I'm still Branch "Lucky" Best and I'm not about to fumble this one. Grab a seat and a subscription to Expose. I'm about to make some headlines. (Again.) From USA Today Bestselling author Adriana Locke comes a fun and flirty STANDALONE NOVEL.

Blaire Gibson knows better than to have one night stands. She prides herself on her decision-making skills. It's the one asset that has never let her down. But even the best thinkers have weaknesses. Hers is a delicious business mogul with a quick tongue. Unfortunately for her, that tongue is good for more than just talking. Holt Mason doesn't need to justify anything to anyone. He wants Blaire. He pursues Blaire. And he gets Blaire because that's how his life works. Until it doesn't. What begins as a single night in a hotel room spirals into an unusual

agreement. As late nights provide the space to trade secrets and walls come tumbling down, more is shared than just pillow talk. They both should've known better. They should've shown restraint. Because when guards are dropped, hearts get shattered. Restraint is a standalone romance from USA Today Bestselling author Adriana Locke. Join readers everywhere as they fall in love with the delicious Mason brothers. Author's Note: Restraint originally appeared as a short story. It has been expanded into a full novel.

"A rock star with no rhythm is a man with no soul." - Stone Lockhart As the lead singer of one of the hottest bands to hit the rock scene, f\*cks are free, drugs come easy, and music is life. For as long as Stone can remember, Willow has been his music - the notes that weave his soul together. His rhythm. Until he threw her away. All he has left is a handful of pills and a few lines of powder to make him forget her. And he tries, over and over. Clean and ready to make things right, he's faced with the fact that Willow's moved on. She's not the same girl he cast aside. Willow's a woman sure about her purpose in life. Sure about who she's meant to love. Stone may be lost without his rhythm, but Willow has found so much more.

Screw him and his perfect stats. Sinful smirk. Delicious body. Lincoln Landry probably even has game-winning stamina. I'd like to screw her and her perfect ass. Dangerous curves. Sweet smile. Danielle Ashley probably even has a game-changing personality. There's no denying the chemistry between them. It's so fiery, it's undeniable. They partake in it. Enjoy it. They really enjoy it. Attraction is not a problem. Nor is their banter, relationship status, or habits. That's all fine. Perfect, actually. The problem is as tangled up as their sheets. A lighthearted STANDALONE romantic comedy from USA Today Bestselling author Adriana Locke.

Ellie Pagan has a list of reasons to stay away from Ford Landry. It's a mile long and was so much easier to stick to when he was a world away. Now that he's standing in front of her - body hard and chiseled from a stint in the military, suit cut to perfection, and a smirk she could never resist - remembering all the reasons why just got a whole lot harder. Ford gets Ellie isn't his biggest fan. He just doesn't care. Standing in front of him, giving him hell, she's even prettier than he remembered. All he can think about is how she felt in his arms, the taste of her kiss, the sound of her giggle in the middle of the night. He may not know how to win her back, but he does know this: he may have let her go once, but that's one mistake he won't make again. SWEAR is a heartfelt and steamy standalone romance.

I'm that guy. Camilla Landry rustles against me, the silky fabric of her overpriced lingerie slipping along my bruised rib. The porcelain perfection of her skin is even more innocent against the colorful ink dotting my own. It's demure meets damaged, pampered meets punctured. So, yeah, it's obvious I'm that guy. Dominic Hughes. Her attempt at rebellion. Her bid to see what the other side of the tracks feel like. I'm okay with being used because, from where I'm sitting, the other side of the tracks have never looked so good. A contemporary romance standalone.
