steels to the
prequalified
list.

Book

**CSA W59-2018 -
Welded steel
construction**

CSA W59 is the
code that
governs welded
steel
construction in
Canada. In
Alberta, this

Access Free

Csa W59 13

code means that the majority of equipment built that isn't piping related is covered by this code. W59 has a convenient section of "pre-qualified" welds that make the job of specifying weld procedures much

Access Free

Csa W59 13

easier since
most the work is
actually
complete. Pre-
qualified welds
are common welds
that have a long
history of low
failure rate
(when done
properly), and
therefore get
special rules
regarding ...
