Disputes A confrontational attack can be shifted to a more cooperative dialogue simply by asking an angry person to give details about why he or she is so upset. This can calm the person down, and may yield information that will be of value to the planning board members. You can often respond to an angry tirade simply by acknowledging part of it.

Every day in communities across America hundreds of committees, boards, church groups, and social clubs hold meetings where they spend their time engaged in shouting matches and acrimonious debate. Whether they are aware of it or not, the procedures that most such groups rely on to reach decisions were first laid out as Roberts Rules more than 150 years ago by an officer in the U.S. Army's Corps of Engineers. Its arcane rituals

Disputes of parliamentary procedure and majority rule usually produce a victorious majority and a very dissatisfied minority that expects to raise its concerns, again, at the next possible meeting. Breaking Roberts Rules clearly spells out how any group can work together effectively. After briefly explaining the problems created by Roberts Rules, the guide outlines the five key steps toward consensus building, and addresses the specific problems that often get in the way of a groups progress. Appendices include a basic one page Handy Guide that can be distributed at meetings and a case study

Lots of folks think that public relations equates to getting publicity. Others, especially CEOs, tend to think of public relations as window dressing, image management and "spin." Well, author Noel Griese has a message for them. Much of the public relations job consists of dealing with people who for one reason or another are angry with your organization. He has lots of practical advice for how to deal with these outraged individuals and groups. A past public relations executive in the

field. In this assembled collection, editor Elizabeth L. Toth and the contributors show how and in what ways the theories of the Excellence Study have developed and changed. They present research that advances excellence theories, adds new dimensions and directions to the excellence theories, and shows how the excellence study has moved on to a global stage. Toth and her colleagues challenge future researchers to continue the theory-building that will lead to understand how strategic public relations management contributes to organizations and society. Public relations and communication
