**** COMPELLING - The Sunday Telegraph CONTROVERSIAL ... Sounes' book pushes the standard Reed narrative - The New York Times Lou Reed, who died in 2013, was best known to the general public as the grumpy New Yorker in black who sang 'Walk on the Wild Side'. To his dedicated admirers, however, he was one of the most innovative and intelligent American songwriters of modern times, a natural outsider who lived a tumultuous and tortured life. In this in-depth, meticulously researched and very entertaining biography, respected biographer Howard Sounes examines the life and work of this fascinating man, from birth to death, including his time as the leader of The Velvet Underground - one of the most important bands in rock'n'roll. Written with a deep knowledge and understanding of the music, Sounes also sheds entirely new light on the artist's creative process, his mental health problems, his bisexuality, his three marriages, and his addictions to drugs and alcohol. In the course of his research, Sounes has interviewed over 140 people from every part of Lou Reed's life - some of whom have not spoken publicly about him before - including music industry figures, band members, fellow celebrities, family members, former wives and lovers. This book brings Lou Reed and his world alive.

The "engrossing, thoroughly researched look at women who are in romantic relationships with incarcerated men"-fully updated with twenty-first-century cases (Publishers Weekly). In 1991, Sheila Isenberg's classic study Women Who Love Men Who Kill asked the provocative question, "Why do women fall in love with convicted murderers?" Now, Isenberg returns to the same question in the age of smart phones, social media, mass shootings, and modern prison dating. The result is a compelling psychological study of prison passion in the new millennium. Isenberg conducts extensive interviews with women who seek relationships with convicted killers, as well as conversations with psychiatrists, social workers, and prison officials. She shows that many of these women know exactly what they are getting into-yet they are willing to sacrifice everything for the sake of a love without hope, promise, or consummation. This edition of Women Who Love Men Who Kill includes gripping new case studies and an absorbing look at how the digital age is revolutionizing this phenomenon. Meet the young women writing "fan fiction" featuring America's most sadistic murderers; the killer serving consecutive life sentences for strangling his wife and smothering his toddler daughters-and the women who visit him in prison; the high-powered journalist who fell in love and risked it all for "Pharma Bro" Martin Shkreli; and many other women absorbed in online and real-life dalliances with their killer men.

UNDERBELLY HOOPS covers Carson Cunningham's final season in the storied and now defunct Continental Basketball Association (CBA). In the process, it takes a sober look at minor league professional basketball, as Cunningham tries to navigate a poor relationship with his coach and yet finish his career on his own terms by playing a final season and winning a championship. As UNDERBELLY HOOPS shows, the CBA was a realm where hopeful players desperately hung on and crusty motels might very well have no clocks. It was a place where a trainer could be ordered to fill the visiting team's cooler with warm shower water and a coach might tell a player (namely, Cunningham) that he was focusing too much on his marriage and child rather than basketball. It was also a place where entire hotel wings could become saturated with the pungent smell of marijuana. And yet, even as it chipped away at your dignity and made little economic sense to remain, the CBA drew you in with the allure of action and the prospect of an NBA call-up. And it could inspire, like when you and your teammates caught a rhythm that made you remember why basketball is such a beautiful game, or when you saw guys continue to strive, to persevere, even if their dreams weren't fully realized. "The hoops answer to Ball Four. By turns funny and poignant-and always self aware-this book allows fans into the locker room and huddle, yes, but also into the cortex of a professional basketball player. If Carson Cunningham could have jumped, run and created his shot off the dribble as masterfully as he writes and observes, he'd be starring in the NBA." -L. Jon Wertheim, Senior Writer for SPORTS ILLUSTRATED

This true crime saga reveals the case of a missing Nashville woman, a husband on the run, and a rare cold case murder conviction. Janet March had it all: a corporate lawyer husband, two beautiful children, a promising career as an artist, and a dream house she designed herself. But behind closed doors, her husband led a destructive double life. On August 16, 1996, Janet had an appointment to finally file for divorce. But she never arrived. On the night of August 15, she vanished. Janet's disappearance incited a massive search and media frenzy that revealed her husband Perry's seedy dealings. When he absconded with his children to a new life in Mexico, Janet's parents began a decade-long, international custody battle that culminated in Perry's dramatic extradition to Tennessee. Meanwhile, the Nashville Police Department never found Janet's body. In spite of overwhelming odds, cold case detectives and prosecutors were determined to get justice-and with the help of a shocking surprise witness, they did.

From the author of the celebrated classic Louder Than Hell comes an oral history of the badass Heavy Metal lifestyle-the debauchery, demolition, and headbanging dedication-featuring metalhead musicians from Black Sabbath and Judas Priest to Twisted Sister and Quiet Riot to Disturbed, Megadeth, Throwdown and more. In his song "You Can't Kill Rock and Roll" Ozzy Osbourne sings, "Rock and roll is my religion and my law." This is the mantra of the metal legends who populate Raising Hell-artists from Black Sabbath, Judas Priest, Slipknot, Slayer, and Lamb of God to Twisted Sister, Quiet Riot, Disturbed, Megadeth, and many more! It's also the guiding principle for underground voices like Misery Index, Gorgoroth, Municipal Waste, and Throwdown. Through the decades, the metal scene has been populated by colorful individuals who have thwarted convention and lived by their own rules. For many, vice has been virtue, and the opportunity to record albums and tour has been an invitation to push boundaries and blow the lid off a Pandora's box of riotous experiences: thievery, vandalism, hedonism, the occult, stage mishaps, mosh pit atrocities, and general insanity. To the figures in this book, metal is a means of banding together to stick a big middle finger to a society that had already decided they didn't belong. Whether they were oddballs who didn't fit in or angry kids from troubled backgrounds, metal gave them a sense of identity. Drawing from 150-plus first-hand interviews with vocalists, guitarists, bassists, keyboardists, and drummers, music journalist Jon Wiederhorn offers this collection of wild shenanigans from metal's heaviest and most iconic acts-the parties, the tours, the mosh pits, the rage, the joy, the sex, the drugs . . . the heavy metal life! Horns up!
