Written By Steve Benjamins Sometimes the best way to illustrate the value of design is through examples of bad design. And sometimes those examples happen in the real world. Good design often appears invisible— it doesn't get in the way of the user.

~~Examples of Bad Design in the Real World~~

Steve has a wide and strategic product development experience including numerous analytical instruments and medical devices for companies including Agilent and Leica. Alongside his leadership at Cobalt, Steve has served as a Director and Victorian President of the Design Institute of Australia and a Board Member of numerous state and federal government committees, as well [...]

With a newfound focus on environmental and social responsibility in building design signalled by the Government's £3bn green investment package, there are clear efforts underway to improve the impact of our buildings. Yet, the sector still accounts for 40% of the UK's carbon footprint.To meet the 2050 net-zero carbon goals and deliver a social impact fit for 2020, we must turn to ...
