Literature (e.g., Deardorff, 2009) on teaching Intercultural Communicative Competence (henceforth ICC) to language learners confirms the important role that this aspect of language learning can have in equipping language learners with the appropriate competences for initiating and maintaining cross-cultural and intercultural communication.

[Developing Intercultural Communicative Competence through ...](#)

ABSTRACT Purpose- Intercultural communicative competence (ICC) is important in intercultural exchange, to address problems and conflicts which may arise due to miscommunication that results from interlocutors' diverse cultural and linguistic backgrounds.

[DEVELOPING INTERCULTURAL COMMUNICATIVE COMPETENCE ...](#)

Based on Byram's (1997) definition of intercultural communicative competence (ICC) and on specific types of discourse analysis proposed by Kramsch and Thorne (2002) and Ware and Kramsch (2005), this article explores how online exchanges can play a role in second language learners' development of pragmatic competence and ICC.

[Developing Intercultural Communicative Competence ... - ERIC](#)

Intercultural competence is to a large extent the ability to cope with one's own cultural background in interaction with others". According to Byram's well-developed model (1997) intercultural communicative competence requires certain attitudes, knowledge and skills in addition to linguistic, sociolinguistic and discourse competence.

[Developing and assessing intercultural communicative ...](#)

According to Wiseman, intercultural communication competence also means you must communicate appropriately. Intercultural communication is appropriate when you achieve your goals through the use of messages and actions that are expected in the situation.

[Intercultural Communication Competence: It Takes Two to ...](#)

ntercultural Communicative Competence (ICC) needs to be incorporated in the language curriculum if educators hope to help students develop an appreciation for the language and culture studied, an awareness of their own culture, and the development of skills that will allow them to be competent, adaptable, communicators.

[Intercultural communicative competence: creating awareness ...](#)

If intercultural competence is primarily a description relevant to individuals from different countries, the term then excludes intercultural problems that may exist within national boundaries. It is these internal differentiations that are often more significant than the cultural cohesion within those national boundaries (Rathje, 2007).
