Extract of sample "Dibs: In Search of Self" Download file to see previous pages When attending nursery school, Dibs becomes withdrawn and does not respond to any of his teachers' attempts to make him active and engaged in class activities like his peers. This made his parents and teachers give up and consider Dibs a mentally retarded child.

This is the story of a little boy named Dibs. He would not talk. He would not play. Judged mentally defective, he was oblivious both to other children and to his teacher; in reality he was a brilliant, lonely child trapped in a prison of fear and rage, a prison from which only he could release himself. And, through psychotherapy and love, he did. December Monday 20 Dibs is the only real person I ever met in the classroom who could teach me what it means to be a complete person.

"The most brilliant and intuitive, as well as the clearest written, work in this field. It is unpretentious yet clearly the most authoritative work that has been published." NORMAN CAMERON, Ph.D. Professor of Psychiatry Yale University School of Medicine Here is an intensely practical book that gives specific illustrations of how therapy can be implemented in play contacts, and tells how the toys of the playroom can be vivid performers and aids in growth. As she did with DIBS IN SEARCH OF SELF, Dr. Axline has taken true case histories from the rich mine of verbatim case material of children referred for play therapy, choosing children ranging in age, problem, and personality. It's all here in an important and rewarding book for parents, teachers, and anyone who comes in contact with children.

In 1947, Virginia Axline introduced professional psychotherapists to a new way of working with children called Nondirective Play Therapy. In 1964, she introduced the rest of the world to "Dibs". Dibs is silent. Dibs is a mystery to his parents and teachers. Dibs cannot be reached no matter how hard they try. He hides under tables and lashes out at other children. Some think he's incapable of learning and interacting in a regular classroom. Some think he's emotionally disturbed. Everyone is desperate to fix him, except for "Miss A". "Miss A," as Dibs calls her, believes that Dibs already knows the answers and can show her what he needs if she is patient enough, accepting enough, and observant enough. Dibs' parents think she's wasting her time trying to watch him play. He doesn't play and he doesn't talk. Dibs' mother finally agrees to let Miss

A try her methods, but she ' s not holding her breath. “ Miss A ” then introduces Dibs and us to her special play room, where children can be just exactly who they truly are. The room is not magical, but the relationship between therapist and child is. In the safety and freedom of this special relationship, we begin to see what Axline meant when she first encouraged therapists to offer children the opportunity to “ play out these feelings ” and “ realize the power within [themselves] ” . “ A ‘ must read ’ classic for play therapists! ” — Charles E. Schaefer, PhD, RPT-S, Professor Emeritus of Psychology, Fairleigh Dickinson University; Co-Founder and Director Emeritus, The Association for Play Therapy “ Dibs: In Search of Self is a timeless account of Axline as play therapist, advocate, and partner in Dibs ’ therapeutic journey. I marvel at Axline ’ s ability to encompass multiple roles while demonstrating integration in all of her interactions; whether in the playroom, conducting classroom observations or working with Dibs ’ parents. This is essential reading for play therapists, child development and counseling practitioners. ” — Natalya Ann Lindo, PhD, LPC, CCPT-S, CPRT-S, Associate Professor & Counseling Program Coordinator, University of North Texas “ There are many books on play therapy theory. There are many books on play therapy techniques. There is only one book that goes beyond theory and technique, getting to the heart of what play therapy is all about. Dibs captures the depth of connection and life-changing impact that play therapy can engender between a child and a therapist. ” — Nick Cornett, PhD, LPC, LMFT, RPT, Assistant Professor, John Brown University

own journeys over some months. These children, in that setting, provide us with a special lens through which we can better understand what transpires in their minds -- and in ours. Through the children's creative, poetic utterances -- enhanced by the poetry of Emily Dickinson and other literary giants -- Beyond Deserving persuasively argues against the justice idea of reward according to what is deserved and for the superior potency of a beyond-deserving model in cultivating love and creative work in children. Written primarily for parents and other mentors -- teachers, youth leaders, counselors, and so on -- Beyond Deserving draws the subject of child rearing back to its roots in the biblical declaration of unconditional love, love that moves first, without a prior "deserving."

"Play Therapy: The Art of the Relationship is a text for graduate-level counseling students in play therapy courses. It provides comprehensive and detailed information for creating therapeutic relationships with children and facilitating the play therapy process. Landreth stresses the importance of understanding the child's world and perspective, allowing play therapists to fully connect with them. Although there is this emphasis on the experiential aspect, the relevant research and theory are still considered. The author presents descriptions of play and the history of play therapy, child and therapist characteristics, play room set-up and materials, working with parents. Guidelines, transcripts, and case examples are provided for governing sensitive issues at every stage of the therapeutic process, from the first meeting to the end of the relationship. This
