Dinosauri: Libro con Foto Incredibili & Fatti Divertenti sui Dinosauri per Ragazzi

Dinosauri: Libro per Bambini su Fatti Divertenti & Foto Incredibili

Dinosauri: Foto Incredibili & Fatti Divertenti Libro per BambiniTanto tempo fa, la Terra era piena di creature giganti e meravigliose. Gli uomini moderni non c'erano ancora, ma c'erano gli alberi, gli insetti e gli animali. Alcuni di questi animali erano dinosauri.Il nome dinosauro venne dato da un uomo che studiava la loro specie. Il suo nome era Sir Robert Owen. Coniò questo termine partendo da due parole greche, deinos e sauros. Deinos significa paurosamente-grande e sauros significa lucertola, e questo è il motivo per cui originariamente dinosauro significava "lucertola paurosamente-grande", ma per semplificare tutto questo, il significato della parola dinosauro divenne "lucertola terribile".Però non tutti i dinosauri erano terribili; e non erano neppure delle lucertole. C'erano diversi tipi di dinosauri. Alcuni erano piccoli come un cane, alcuni erano 2 o 3 volte più alti di una giraffa o più grossi di un'orca assassina. Alcuni mangiavano piante, e alcuni mangiavano carne.

The baby owls came out of their house, and they sat on the tree and waited. A big branch for Sarah, a small branch for Percy, and an old piece of ivy for Bill. When three baby owls awake one night to find their mother gone, they can't help but wonder where she is. Stunning illustrations from unique and striking perspectives capture the owls as they worry about their mother: What is she doing? When will she be back? What scary things move all around them? Not surprisingly, a joyous flapping and dancing and bouncing greets her return, lending a celebratory tone to the ending of this comforting tale. Never has the plight of young ones who miss their mother been so simply told or so beautifully rendered.

A black cat who only ever goes out during the day and a white cat who only goes out at night meet in the middle and start a beautiful relationship together.

A prequel comic from Netflix' award-winning series, delving into the mysterious workings of Project MKUltra and the weird science that opened the door to the Upside Down. Francine, a teenage girl with precognition, has struggled through a lifetime of exploitation: first by her parents, then by Dr. Brenner of Hawkins Laboratory. Dr. Brenner wants to harness her powers as well as those of the other gifted children that they hold captive at the lab. Wracked by increasingly disturbing visions, she sees an opportunity for her and all the children to escape. But at what cost? From the pen of Jody Houser (Faith, CMYK: Magenta, Max Ride: Ultimate Flight) and featuring art from Edgar Salazar and Keith Champagne (Black Panther), Stranger Things comics is essential reading for fans of the hit Netflix series as well as fans of the urban fantasy and horror genres in general. Collects Stranger Things II issues #1-4.

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.
