Jean-Jacques Rousseau's Discourse on the Origin and Basis of Inequality among Men, often abbreviated to Discourse on Inequality, is a treatise on human nature in civil society, in which the author inquires about what divides people from people and how those inequalities originated in the first place. His work is divided into four sections, namely the Dedication, the Preface, then the First and Second Parts of "A Dissertation on the Origin and Foundation of the Inequality of Mankind."

Discourse On the Origin of Inequality Summary | GradeSaver

Discourse on the Origin and Basis of Inequality Among Men, also commonly known as the "Second Discourse", is a 1755 work by philosopher Jean-Jacques Rousseau. Rousseau first exposes in this work his conception of a human state of nature, broadly believed to be a hypothetical thought exercise and of human perfectibility, an early idea of progress. He then explains the way in which, in his view, people may have established civil society, and this leads him to conclude that private property is the

Rousseau: Discourse on Inequality (Summary)

The Discourse was originally written as an entry for an essay competition run by the Dijon academy of Arts and Sciences in 1754. The essay question was "What is the origin of inequality among men, and is it authorized by the natural law?" Rousseau had won the competition in 1750 with his First Discourse (on the Arts and Sciences). He failed to win a prize with this second discourse, but its publication brought him widespread praise, and an important place in history of philosophy.

Discourse on Inequality: Sparknotes Introduction | SparkNotes

The aim of the Discourse is to examine the foundations of inequality among men, and to determine whether this inequality is authorized by natural law. Rousseau attempts to demonstrate that modern moral inequality, which is created by an agreement between men, is unnatural and unrelated to the true nature of man.

In historical discourse, the signs of the receiver are usually absent: they can be found only in cases where History is offered as a lesson, as with Bossuet's Universal History, a discourse which is explicitly addressed by the tutor to his pupil, the prince. Yet in a certain sense, this schema is only possible to the extent that Bossuet's discourse can be held to reproduce by homology the ...
