A practical guide to discovering how the English language works, Doing Grammar is a compact volume that is essential for students in advanced grammar courses. Using an engaging style, Max Morenberg uses modern linguistic theories to build upon traditional models and provides accessible explanations about the composition of sentences, illustrating them at every step with diagrams and other visual models. Using real-life sentences as examples and exercises, the author clarifies the study of grammar without oversimplifying the concepts. For the fifth edition, Doing Grammar retains its unique voice and clarity, while the book has been reorganized to begin with more accessible concepts first, starting with Parts of Speech, so it presents a more intuitive progression of topics. This new edition also contains expanded coverage on syntax, punctuation, style and usage, and more current grammar

anecdotes throughout that will give the reader a sense of how English varies, with special attention paid to ESL/ELL topics, and new compositional contexts like social media (how does one punctuate a Tweet?). Doing Grammar, 5th edition features an updated glossary of terms, as well as new pedagogical elements added to each chapter, including boxes on practical issues, such as controversies in grammar (e.g., the wording of the second amendment), as well as new "Try This" exercises following most major lessons, and end-of-chapter summaries and critical thinking questions to engage students from across disciplinary backgrounds (English, Education, Linguistics Anthropology, etc).

The new edition of this innovative text employs insights from contemporary linguistic theories but builds them into a practical and coherent system that stays firmly rooted within traditional models. Its down-to-earth explanations about how language works are illustrated at every step with diagrams and other visual models. The examples and exercises consist of provocative and intelligent sentences, not desiccated grammar-book examples. Each chapter includes a sentence-analysis exercise with fifty problems. Answers are provided for ten sentences per chapter. A new chapter on how grammar functions in literature and how it is used to improve writing extends the applications of Doing Grammar in this second edition, which also includes new introductory chapter outlines and thoroughly revised chapter summaries. The new edition was class tested for over a year. Every page has been re-thought and redefined to make grammatical analysis clear, understandable, useful, and interesting. It will be an invaluable guide for students in introductory and advanced grammar and composition courses and for all readers seeking to discover how language works.

This practical and compact guide is invaluable for students in advanced grammar courses and essential for all readers seeking to discover how the English language works. The author employs insights from contemporary linguistic theories and builds them into a coherent system firmly rooted in traditional models. Focusing on the idea that students learn grammar by actually "doing grammar," he provides down-to-earth explanations about the composition of English sentences, illustrating them at every step with diagrams and other visual models. The author constructs a sensible, even hospitable, approach to grammar. Doing Grammar, 3/e, features real, provocative, and intelligent sentences as examples and exercises. This new edition offers expanded coverage of parts of speech, using both traditional and descriptive explanations to provide definitions of nouns, verbs, adjectives, adverbs, and prepositions. It also features updated sentence exercises, clear diagrams, and an appendix containing answers to half the exercises.

Doing Grammar is a practical and lively guide to discovering how the English language works. Author Max Morenberg uses modern linguistic theories to build upon traditional frameworks and provide accessible explanations about the composition of sentences, illustrating them at every step with diagrams and other visual models.

Doing Grammar is a practical and lively guide to discovering how the English language works. Author Max Morenberg uses modern linguistic theories to build upon traditional frameworks and provide accessible explanations about the composition of sentences, illustrating them at every step with diagrams and other visual models. In this fourth edition, Doing Grammar retains its unique voice, clarity, and organization, but also demonstrates the author's commitment to a renewed and streamlined focus on the critical skills necessary for writing effective sentences. Featuring updated examples, Morenberg once again makes a seemingly dry subject come alive. New to this Edition * A streamlined approach maintains the straightforward, easy-to-read narrative while also focusing on key skills * A glossary of terms

and expanded table of contents for easy reference * A new printed Instructor's Resource Manual-free to adopters. Prepared by Charles MacQuarrie at California State University, Bakersfield, it features an Answer Key to those in-text exercises not answered at the back of the book, additional activities and test questions, teaching tips, sample syllabi, and a guide to developing syllabi Distinctive Features * Innovative tree diagrams explicate the process of grammatical analysis and guide students through taking apart, labeling, and understanding the various elements of sentences * Engaging real-world examples and anecdotes illustrate the important elements of clear writing * Extremely effective exercises provide practice in chapter concepts * An Answer Key at the back of the book offers students answers to selected exercises Invaluable for students in undergraduate grammar courses, this compact guide is also essential for all readers seeking to discover how the English language works.

Twenty-three stimulating papers, including essays by Peter Elbow, Donald Murray, and William Strong, selected from the more than sixty presented at the Second Miami University Conference on Sentence Combining and the Teaching of Writing. Sentence combining has not only survived the paradigm shift in the teaching of writing but continues to stimulate provocative, creative thinking about the writing process itself. No longer an end in itself, but a tool, sentence combining has become a method of teaching about ways of thinking, of perceiving, and of organizing reality.

This textbook for college courses in advanced grammar, structures of English, English syntax, and introduction to English language is written for the general student.

The Writer's Options encourages readers to investigate their writing options through sentence-combining and rearrangement to create more sophisticated, more effective compositions. The text contains ample practice with arranging and rearranging sentences, paragraphs, and essays as a means of strengthening prose and conveying a more effective message.

This practical and compact guide is invaluable for students in advanced grammar courses and essential for all readers seeking to discover how the English language works. The author employs insights from contemporary linguistic theories and builds them into a coherent system firmly rooted in traditional models. Focusing on the idea that students learn grammar by actually "doing grammar," he provides down-to-earth explanations about the composition of English sentences, illustrating them at every step with diagrams and other visual models. The author constructs a sensible, even hospitable, approach to grammar. Doing Grammar, 3/e, features real, provocative, and intelligent sentences as examples and exercises. This new edition offers expanded coverage of parts of speech, using both traditional and descriptive explanations to provide definitions of nouns, verbs, adjectives, adverbs, and prepositions. It also features updated sentence exercises, clear diagrams, and an appendix containing answers to half the exercises.
