Iss Pyar Ko Kya Naam Doon - Disney+ Hotstar

Doon, the magical land in which Veronica (no, sorry, Verranica as said by Jamie MacCrae, but he's for another paragraph) and her best friend MacKenna end up in is literally one big mess. I initially thought it was Scotland of the past, but it's literally one big contradiction, a mashup of the modern world with the mindset of the past world.

Veronica doesn't think she's going crazy. But why can't anyone else see the mysterious blond boy who keeps popping up wherever she goes? When her best friend, Mackenna, invites her to spend the summer in Scotland, Veronica jumps at the opportunity to leave her complicated life behind for a few months. But the Scottish countryside holds other plans. Not only has the imaginary kilted boy followed her to Alloway, she and Mackenna uncover a strange set of rings and a very unnerving letter from Mackenna's great aunt—and when the girls test the instructions Aunt Gracie left behind, they find themselves transported to a land that defies explanation. Doon seems like a real-life fairy tale, complete with one prince who has eyes for Mackenna and another who looks suspiciously like the boy from Veronica's daydreams. But Doon has a dark underbelly as well. The two girls could have everything

they've longed for or they could end up breaking an enchantment and find themselves trapped in a world that has become a nightmare.

Dazzling psychological suspense. Razor-sharp dialogue. Plots that catch and hold like a noose. These are the hallmarks of crime legend Ruth Rendell, "the best mystery writer in the English-speaking world" (Time magazine). From *Doon with Death*, now in a striking new paperback edition, is her classic debut novel—and the book that introduced one of the most popular sleuths of the twentieth century. There is nothing extraordinary about Margaret Parsons, a timid housewife in the quiet town of Kingsmarkham, a woman devoted to her garden, her kitchen, her husband. Except that Margaret Parsons is dead, brutally strangled, her body abandoned in the nearby woods. Who would kill someone with nothing to hide? Inspector Wexford, the formidable chief of police, feels baffled -- until he discovers Margaret's dark secret: a trove of rare books, each volume breathlessly inscribed by a passionate lover identified only as Doon. As Wexford delves deeper into both Mrs. Parsons' past and the wary community circling round her memory like wolves, the case builds with relentless momentum to a surprise finale as clever as it is blindsiding. In *From Doon with Death*, Ruth Rendell instantly mastered the form that would become synonymous with her name. Chilling, richly characterized, and ingeniously constructed, this is psychological suspense at its very finest. Praise for *From Doon with Death* "One of the most remarkable novelists of her generation." People "She has transcended her genre by her remarkable imaginative power to explore and illuminate the dark corners of the human psyche." P.D. James

With the witch of Doon on the throne, Jamie believed dead, and Duncan and Mackenna trapped in Alloway, Veronica has no choice but to put her grief aside and prepare her remaining followers for the impending battle against the false queen and her forces. But while on a covert mission to steal a powerful elixir from the castle, Veronica discovers her true love may actually be alive, and fighting a battle of his own. With the Brig o' Doon destroyed and the portal fragmented, Doon's forces are not only divided, but also isolated in different dimensions. With the help of a storyteller as ancient as the witch herself, Kenna and Duncan learn they must rebuild the bridge to have any chance of crossing back into Doon with their ragtag army. But when Mackenna insists on fighting as well, Duncan soon realizes the only way he can ensure her safety is to turn her into a cold-hearted killer. For Vee, Jamie, Kenna, and Duncan, saving their kingdom while keeping their lives intact will take a miracle.

In this sequel to *Doon*, Mackenna Reid realizes she made a horrible mistake in choosing to follow her dreams of Broadway instead of staying in the enchanted land of Doon. To make everything worse, she's received her Calling—proof she and Duncan are each other's one true love—and it's pure torment, especially when visions of the very alluring Scottish prince appear right before she goes on stage. So when Duncan tells her an ancient curse threatens to overtake Doon and the new queen and Kenna's best friend, Veronica, needs her to return, Kenna doesn't have to think twice. With darkness closing in on all sides, Kenna and Vee must battle a world of nightmares in order to protect the kingdom. But it will take the ultimate test of courage for Kenna to salvage her happily ever after.

A modern-day classic. This highly acclaimed adventure series about two friends desperate to save their doomed city has captivated kids and teachers alike for almost fifteen years and has sold over 3.5 MILLION copies! Deep in the heart of the Trossachs countryside, in Scotland, lies the village of Aberfoyle. To the south east of the village is a hill called Doon Hill. Legend has it that this is the home of the Sidhe (pronounced shee), or Faery Folk. It is said that in 1692, the minister of the parish, Reverend Robert Kirk, was spirited away by the Faery Folk as a punishment for revealing their secrets. Meet Hamish, his granny and other characters inside this book. They are gnomes, guardians of the oak trees. Their homeland; the woody knoll called Doon Hill. Their duty; to take care of sick animals and to protect the oak woodlands. Their biggest enemy; owls! Their greatest delight; to sing and dance celebrating the forest gods. Their biggest hate; humans who call them faeries, blame them for troubles and show them no respect.

A lush, disorienting novel, *The Caretaker* takes no prisoners as it explores the perils of devotion and the potentially lethal charisma of things. Following the death of a renowned and eccentric collector—the author of *Stuff*, a seminal philosophical work on the art of accumulation—the fate of the privately endowed museum he cherished falls to a peripatetic stranger who had been his fervent admirer. In his new role as caretaker of The Society for the Preservation of the Legacy of Dr. Charles Morgan, this restive man, in service to an absent master, at last finds his calling. The peculiar institution over which he presides is dedicated to the annihilation of hierarchy: peerless antiquities commune happily with the ignored, the discarded, the undervalued and the valueless. What transpires as the caretaker assumes dominion over this reliquary of voiceless objects and over its visitors is told in a manner at once obsessive and matter-of-fact, and in language both cocooning and expansive. A wry and haunting tale, *The Caretaker*, like the interplanetary crystal that is one of the museum's treasures, is rare, glistening, and of a compacted inwardness. Kafka or Shirley Jackson may come to mind, and *The Caretaker* may conjure up various genres—parables, ghost stories, locked-room mysteries—but Doon Arbus draws her phosphorescent water from no other writer's well.

After cheating death, Veronica Welling is determined to savor every moment in her idyllic kingdom with both her true love and best friend by her side at last. At the same time, Mackenna Reid is enthusiastically building her new life and a theater with her prince. But just as their dreams of happiness are within reach, the world Vee and Kenna have chosen is ripped away, leaving them to face their most horrific challenge yet—their old lives. Thrust out of Doon, the best friends are confronted with tormentors from their past and no way to return to their adopted land. When the MacCrae brothers rush to their rescue, the girls' situation turns from nightmare to modern-day fairy tale. But their happiness could be short lived: unbeknownst to them, someone in their closest circle is aiding the witch of Doon in her bid to destroy the kingdom once and for all.

A Gripping Journey into the Power of Storytelling! When his remote village is destroyed and his family exiled, a young bard is thrust onto a perilous odyssey to save Q̄ntana from the designs of an evil sorcerer and to return the fabled Stallions of Bryn Doon to their mystical home. "Only his stories can save them!" Part 4 of Mark David Gerson's epic, time-twisting fantasy series
