The resulting adventure was shaped by Iceland's economic collapse, which halved the value of her salary; by the eruption of the volcano Eyjafjallajokull; and by a collection of new friends, including a poet who saw the only bombs fall on Iceland in 1943; a woman who speaks to elves; and a chef who guided Sarah's family around the intricacies of Icelandic cuisine. Moss explored hillsides of boiling mud and volcanic craters and learned to drive like an Icelander on the unsurfaced roads that link remote farms and fishing villages in the far north. Because of the rise of the economic story, six areas of your world - your work, your relationships with others and the environment, your community, your physical and spiritual health, your education, and your creativity - are changing, or have already changed, in subtle and not-so-subtle ways. And because how you think shapes how you act, the monoculture isn't just
