With this acclaimed casebook, readers follow master teacher Gerald Corey and many of contemporary therapy's most highly respected founders and practitioners—including William Glasser, Arnold Lazarus, and Albert Ellis—as they apply eleven key counseling approaches to the needs of client Ruth. This focus on a single client demonstrates to readers how the various theories work, and also enables them to see exactly how these techniques differ. Useful as a supplemental text in advanced theories and practicum courses, this fourth edition discusses the key concepts and techniques from many contemporary theories and how to develop an integrative approach to the counseling process to better meet individual client needs. Dr. Corey introduces the techniques that he draws from in his own integrative approach to counseling using a wide variety of case examples with diverse clients. Topics covered include assessing presenting issues; developing a productive working alliance; establishing therapeutic goals; understanding and addressing diversity; working with resistant clients; using evidence-based practice in cognitive, emotive, and behavioral work with clients; dealing with transference and countertransference; and incorporating trends in integrative therapies. To encourage active learning, reflective exercises throughout the text provide readers with opportunities to put themselves in the role of therapist and client. "No one knows more about theory-based counseling than Gerald Corey, who has spent the past 50+ years helping us to gain real insight into multiple models. In this book, Corey takes readers from forming a working alliance with clients through the processes for setting and achieving goals. His skill at and understanding of the termination processes is worth the entire book. Not only will The Art of Integrative Counseling be the core text for counseling process and skills courses, it will provide the foundation for effective, truly integrated counseling throughout one's career." —James Robert Bitter, EdD, East Tennessee State University "Gerald Corey's fourth edition of The Art of Integrative Counseling provides important concepts to consider when developing an integrative approach to working with clients. For beginning counselors, it demonstrates how one can be integrative whether one is behaviorally, cognitively, or affectively oriented. For more advanced counselors, it reminds them of the wealth of information that all theories offer and how techniques or theories can be synthesized into a more effective approach. Whether you are a new counselor trying to figure out how to integrate the many theories you learned about, or a seasoned professional seeking new ways of working with clients, this book has something for you." —Edward Neukrug, EdD, Old Dominion University \*Requests for digital versions from the ACA can be found on wiley.com. \*To request print copies, please visit the ACA website here. \*Reproduction requests for material from books published by ACA should be directed to permissions@publishing.org

Bridges the gap between theory and practice, showing how therapy actually works.

THEORY AND PRACTICE OF GROUP COUNSELING, 9th Edition, gives students an in-depth overview of the eleven group counseling theories. In addition to illustrating how to put these theories into practice, this best-selling text guides students in developing their own syntheses of various aspects of the theories. With Corey's clear, straightforward writing style, students are able to grasp each theoretical concept and its relationship to group practice with ease. Incorporating the thinking, feeling, and behaving dimensions of human experience, the tenth edition of Corey's best-selling book helps students compare and contrast the therapeutic models expressed in counseling theories. Corey introduces students to the major theories (psychoanalytic, Adlerian, existential, person-centered, Gestalt, reality, behavior, cognitive-behavior, family systems, feminist, postmodern, and integrative approaches) and demonstrates how each theory can be applied to two cases (Stan and Gwen). With his trademark style, he shows students how to apply those theories in practice, and helps them learn to integrate the theories into an individualized counseling style. More than a recipe book of techniques that group leaders can pull out at the right time, this book encourages readers to use techniques sensitively and creatively in their own groups, and to go one step further to invent their own techniques. The authors draw on their combined experiences as teachers, as consultants to mental-health professionals, and as private practitioners to provide a realistic approach to group work. Emphasizing that techniques are means, not ends, the book is designed to enhance the group leader's ability to generate a therapeutic and human rapport between leader and members. Ideal for anyone embarking on or considering a career in the helping professions, BECOMING A HELPER, Seventh Edition, provides an overview of the stages of the helping process while teaching students the skills and knowledge they need to become successful helping professionals. Drawing on their years of experience, Corey and Corey focus on the struggles, anxieties, and uncertainties students often encounter on the road to becoming effective helpers. They also emphasize self-reflection on a number of professional issues. Finally, the authors help students decide if a career in the helping professions is right for them by asking them to take a candid look at the demands and strains they'll face in the field. "Gerald Corey's Reflections is an absolute delight! Each chapter is packed with nuggets of wisdom he has gained over the decades. What makes the book particularly engaging is that it invites us into Corey's inner world and we feel as though we are reading a series of letters from a friend. This book could serve as an excellent supplemental reading in an introductory course or as a useful resource for advanced students as they navigate the complexities of graduate school and look ahead to their careers." —Barbara Herlihy, PhD, University of Texas at San Antonio "In this inspirational book, Gerald Corey shares his most heartfelt personal reflections and lessons learned as he describes his journey over a 60-year counseling career. He is honest, self-disclosing, humble, and insightful in this compendium that encourages readers to embrace their vision and entertain their dreams. This is a must-read gem that provides an opportunity for counseling students and young professionals to learn from the master." —Robert Haynes, PhD, Psychologist and author, Borderline Productions In an easy-to-read, question-and-answer format, Dr. Corey provides sage insight on a broad range of topics concerning professional issues, career development, the counseling process, and work-life balance. Responding to an array of questions often asked by students over the years, he uses candid personal examples to highlight key lessons and engage readers in an active process of personal and professional self-reflection on their own journeys. Topical question themes include creating your professional path, mentoring and being a mentee, surviving graduate school, benefiting from personal therapy, focusing on self-care and wellness, becoming an ethical counselor, managing value conflicts in counseling, using self-disclosure therapeutically, dealing with difficult clients, getting the most out of supervision, and becoming a writer. In each chapter, reflection questions encourage readers to consider their own views and experiences related to the questions raised, and recommended readings provide suggestions for further information. Gerald Corey, EdD, ABPP, is professor emeritus of human services and counseling at California State University, Fullerton. \*Requests for digital versions from the ACA can be found on wiley.com. \*To request print copies, please visit the ACA website here. \*Reproduction requests for material from books published by ACA should be directed to permissions@publishing.org
