<p>BJU Press Earth Science fourth edition student text and TE lab manual. Condition is "Acceptable". Cover on textbook is a little banged up. But in otherwise good condition without any markings in either. Shipped with USPS Media</p>

Earth Science (5th Edition) Student Text moves the student from the lithosphere of the earth itself to the hydrosphere in and on the earth to the atmosphere surrounding the earth and finally out into space visiting the solar system and the rest of the universe. All of this is a quest to understand God's created world. Case studies and other activities encourage students to think like scientists as they develop a biblical perspective of earth and space. - Publisher.

This answer key accompanies BJU Press' sold-separately Earth Science Grade 8 Testpack. Loose-leaf and three-hole-punched answer sheets feature reproductions of the student tests with the correct answer overlaid. The answers are in light grey with the appropriate page numbers noted where the answers may be found.

Evaluate student progress and comprehension with this set of tests. Designed to be used with the sold-separately BJU Press' Earth Science Text, 4th Edition. Glue binding for easy removal. Multiple choice, essay, short answer, and sentence completion exercises are included. One test for each chapter. Grade 8.

This teacher's edition eaccompanies BJU Press' Earth Science Student Text, 4th Edition. Teacher notes are indicated with special graphics; they provide notes on equipment needed, Google Earth activities, math guidance, web resources, review of kay concepts, and outside additional resources you might find helpful. 256 pages, spiralbound, softcover. An alphabetical equipment/materials needed list is also included.

A study of plate tectonics that explores the way in which plates on the earth's outer shell have shaped our planet's geological development

Science 5 Student Text, 4th ed. helps the student develop a biblical worldvview as it relates to science concepts. The course focuses on minerals and rocks, fossils, matter and heat, sound and light, weather, biomes, ecosystems, and the respiratory and circulatory systems. Throughout the course, the student will have opportunities to develop his science process skills as he participates in hands-on activities and projects. The student will also learn how to view science from a biblical perspective through the worldview-shaping lesson from Answers in Genesis that is included with each chapter. - Publisher.
