Traces the 1990s collaborative effort between two U.S. agents and a security chief for a notorious Colombian drug cartel to dismantle the organization and bring its leaders to justice, a life-risking venture marked by a race to extract damaging evidence and protect the life of a key witness.

The international bestseller that inspired the must-watch drama on USA Network starring Alice Braga as Teresa Mendoza. From “master of the intellectual thriller” Arturo Pérez-Reverte, a remarkable tale, spanning decades and continents—from the dusty streets of

Mexico to the sparkling waters off the coast of Morocco, to the Strait of Gibraltar and Spain—in a story encompassing sensuality and cruelty, love and betrayal, and life and death. Teresa Mendoza's boyfriend is a drug smuggler who the narcos of Sinaloa, Mexico, call "the king of the short runway," because he can get a plane full of coke off the ground in three hundred yards. But in a ruthless business, life can be short, and Teresa even has a special cell phone that Guero gave her along with a dark warning. If that phone rings, it means he's dead, and she'd better run, because they're coming for

her next. Then the call comes. In order to survive, she will have to say goodbye to the old Teresa, an innocent girl who once entrusted her life to a pinche narco smuggler. She will have to find inside herself a woman who is tough enough to inhabit a world as ugly and dangerous as that of the narcos-a woman she never before knew existed. Indeed, the woman who emerges will surprise even those who know her legend, that of the Queen of the South.

An analysis of contemporary violence as the new commodity of today's hyper-consumerist stage of capitalism. "Death has become the most profitable business in existence." –from Gore Capitalism Written by the Tijuana activist intellectual Sayak Valencia, Gore Capitalism is a crucial essay that posits a decolonial, feminist philosophical approach to the outbreak of violence in Mexico and, more broadly, across the global regions of the Third World. Valencia argues that violence itself has become a product within hyper-consumerist neoliberal capitalism, and that tortured and mutilated bodies have

become commodities to be traded and utilized for profit in an age of impunity and governmental austerity. In a lucid and transgressive voice, Valencia unravels the workings of the politics of death in the context of contemporary networks of hyper-consumption, the ups and downs of capital markets, drug trafficking, narcopower, and the impunity of the neoliberal state. She looks at the global rise of authoritarian governments, the erosion of civil society, the increasing violence against women, the deterioration of human rights, and the transformation of certain cities and regions

into depopulated, ghostly settings for war. She offers a trenchant critique of masculinity and gender constructions in Mexico, linking their misogynist force to the booming trade in violence. This book is essential reading for anyone seeking to analyze the new landscapes of war. It provides novel categories that allow us to deconstruct what is happening, while proposing vital epistemological tools developed in the convulsive Third World border space of Tijuana.

The product of five years' investigative

reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, *Narcoland* has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, *Narcoland* takes readers to the front lines of the “war on drugs,” which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn,

Hernández names names – not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and

Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels."

It's just another day at the office for Detective Edgar "Lefty" Mendieta: abandoned by the woman he loves, demoralized by his

city's (and his nation's) ubiquitous corruption, and in dire need of some psychotherapy. Against this backdrop, he catches the case of Bruno Canizales, a high-powered lawyer with a double life, who was killed by a single silver bullet. Throwing himself into his work, Mendieta begins to piece together the details of Canizales' life. The son of a former government minister, and the lover of a drug lord's daughter, Canizales it seems had a penchant for cross-dressing and edgy sex. In the sweltering city of Culiacán, Mexico's capital of narco-crime, Mendieta scrambles to follow

several leads. His dogged pursuit of the killer takes him from glitzy mansions to drug dens, from down-at-the-heels reporters to glamorous transsexuals. When a second, apparently related murder surfaces, Mendieta discovers that his desire to unearth the truth has become as overpowering as any drug.

The seemingly disparate lives of a DEA agent, a drug lord, a call girl, a hit man, and a priest intertwine around a nexus of the drug trade involving the Latin American drug cartels, the American underworld, and the U.S. government, from the rise of the Mexican

A novel set in the backstreets of Medellín, Colombia, captures the lives of the beggars, thieves, drug addicts, and other lost souls of a city overwhelmed by the drug trade.

literary star comes a prize-winning tour de force – an intimate portrayal of the drug wars in Colombia. Juan Gabriel Vásquez has been hailed not only as one of South America's greatest literary stars, but also as one of the most acclaimed writers of his generation. In this gorgeously wrought, award-winning novel, Vásquez confronts the history of his home country, Colombia. In the city of Bogotá, Antonio Yammara reads an article about a hippo that had escaped from a derelict zoo once owned by legendary Colombian drug kingpin Pablo Escobar. The article transports Antonio back to when the

war between Escobar's Medellín cartel and government forces played out violently in Colombia's streets and in the skies above. Back then, Antonio witnessed a friend's murder, an event that haunts him still. As he investigates, he discovers the many ways in which his own life and his friend's family have been shaped by his country's recent violent past. His journey leads him all the way back to the 1960s and a world on the brink of change: a time before narco-trafficking trapped a whole generation in a living nightmare. Vásquez is "one of the most original new voices of Latin American

literature,” according to Nobel Prize winner Mario Vargas Llosa, and *The Sound of Things Falling* is his most personal, most contemporary novel to date, a masterpiece that takes his writing—and will take his literary star—even higher.

In this remarkably nuanced novel, both a gripping detective story and a passionate, devastating tale of eros and insanity in Colombia, internationally acclaimed author Laura Restrepo delves into the minds of four characters. There's Agustina, a beautiful woman from an upper-class family who is

caught in the throes of madness; her husband Aguilar, a man passionately in love with his wife and determined to rescue her from insanity; Agustina's former lover Midas, a drug-trafficker and money-lauderer; and Nicolás, Agustina's grandfather. Through the blend of these distinct voices, Restrepo creates a searing portrait of a society battered by war and corruption, as well as an intimate look at the daily lives of people struggling to stay sane in an unstable reality.
