For books about, centered around and/or featuring Ellis Island. Ellis Island, in Upper New York Bay, was the gateway for over 12 million immigrants to the United States as the nation's busiest immigrant inspection station from 1892 until 1954. The island was greatly expanded with land reclamation between 1892 and 1934. (Wiki)

Ellis Island (Fiction & Non-Fiction) (18 books)

This true story is from my immigrant oral histories collection when I was researching for my historical novel, Guardians of the Gate, about Ellis Island in the 1890s. Because of the emotional level in his narration—even when he retold his story 65 years later—I’ll let Wilhelm tell the story in his own words.]“I came by...

Ellis Island: Amazon.com

In the pages of Ellis Island, we learn not only of the evolution and tightening of the US immigration laws, but also gain glimpses into millions of lives passing through its gate. Szejnert has created a portal through which the reader can hear the voices of those who set foot on the new continent and helped forge the modern US, as well as those who could not make it but deserve to be remembered nonetheless.

Ellis Island (True Books: American History) by Patricia Ryon Quiri: Ellis Island (United States Landmarks) by Bob Temple: Ellis Island (We the People: Modern America) by Lucia Raatma: Ellis Island (Weekly Reader: Places in American History) by Frances E. Ruffin: Ellis Island (Wonder Books: Landmarks) by Cynthia Fitterer Klingel

Describes the place of Ellis Island in American history, from its early history of being a landing place for ships bearing millions of immigrants to its more recent status as a museum.

Accounts from children, police, immigration officers, and the immigrants themselves come to life in a moving tale about the history of Ellis Island, enhanced will black-and-white photographs.

"By bringing us the inspiring and sometimes unsettling tales of Ellis Island, Vincent Cannato’s American Passage helps us understand who we are as a nation.” – Walter Isaacson “Never before has Ellis Island been written about with such scholarly care and historical wisdom. Highly recommended!" -Douglas Brinkley, bestselling author of The Wilderness Warrior The remarkable saga of America's landmark port of entry, from immigration post to deportation center to mythical icon.

Describes how the immigration station on Ellis Island served as a gateway into the United States for millions of immigrants.

Since opening in 1892, Ellis Island has come to symbolize the waves of immigrants from a list of countries that seems endless. In this work, Bial tells the story of Ellis Island itself. Full color.

Combining a moving, American immigrant experience narrative with family photographs and evocative illustrations, this inspiring story of courage follows 7-year-old Julius Weinstein and his family as they travel to the U.S. through Ellis Island after having escaped a pogrom in their Russian village in 1917. Reprint.

A dramatic, multi-vocal account of the personal agonies and ecstasies that played out within the walls of Ellis Island, as told by Poland's greatest living journalist This is the people's history of Ellis Island--the people who passed through it, and the people who were turned away from it. From Annie Moore, the Irishwoman who was the first to be processed there, to Arne Peterssen, the Norwegian who was the last to be taken away from the island via the official ferry boat in 1954, Ellis Island weaves together the personal experiences of forgotten individuals with those who live on in history: Fiorello La Guardia, Lee Iacocca, and other American leaders whose paths led them to the Island for various reasons through the years. Award-winning journalist Małgorzata Szejnert draws on unpublished testimonies, memoirs, archival photographs, and correspondence from many internees and immigrants, including Russians, Italians, Jews, Japanese, Germans, and Poles. At the book's core is a trove of personal letters from immigrants to their loved ones back home--letters which were confiscated and never delivered, finally discovered in a basement in Warsaw. But also brought to life are the Ellis Island employees: the doctors, nurses, commissioners, interpreters, social care workers, and even chaperones, who controlled the fates of these émigrés--often basing their decisions on pseudo-scientific ideas about race, gender, and disability. Sometimes families were broken up, and new arrivals were detained and quarantined for days, weeks, or even months. All told, the island compound spent longer as an internment camp than as a migration way-point--in addition to filling other roles through the years, including that of rescue station in the immediate aftermath of the 9/11 attacks. Now brought back to life by a master storyteller, this is a story of a place and its people, steeped in politics and history, that reshaped the United States.

Describes Ellis Island were millions of people stopped before entering the United States, how and why they came, how they were checked when they got there, and what it was like to live there.

For most of New York's early history, Ellis Island had been an obscure little island that barely held itself above high tide. Today the small island stands alongside Plymouth Rock in our nation's founding mythology as the place where many of our ancestors first touched American soil. Ellis Island's heyday—from 1892

to 1924—coincided with one of the greatest mass movements of individuals the world has ever seen, with some twelve million immigrants inspected at its gates. In *American Passage*, Vincent J. Cannato masterfully illuminates the story of Ellis Island from the days when it hosted pirate hangings witnessed by thousands of New Yorkers in the nineteenth century to the turn of the twentieth century when massive migrations sparked fierce debate and hopeful new immigrants often encountered corruption, harsh conditions, and political scheming. *American Passage* captures a time and a place unparalleled in American immigration and history, and articulates the dramatic and bittersweet accounts of the immigrants, officials, interpreters, and social reformers who all play an important role in Ellis Island's chronicle. Cannato traces the politics, prejudices, and ideologies that surrounded the great immigration debate, to the shift from immigration to detention of aliens during World War II and the Cold War, all the way to the rebirth of the island as a national monument. Long after Ellis Island ceased to be the nation's preeminent immigrant inspection station, the debates that once swirled around it are still relevant to Americans a century later. In this sweeping, often heart-wrenching epic, Cannato reveals that the history of Ellis Island is ultimately the story of what it means to be an American.

Ellis Island and Immigration for Kids explores all angles of immigration and its history in the United States. Readers will learn about the establishment of Ellis Island and its forerunner, Castle Garden, as well as the western immigration station, Angel Island. Along with activities to further enrich kids' knowledge of immigration, this book gives its readers a thorough understanding of its impact on the United States from the earliest arrivals to today. Activities include instructions on writing a letter home after a journey in steerage to graphing and comparing immigrant populations since the first US census in 1790. This book will help kids gain an appreciation of immigration's impact on the United States, as well as challenge them to reflect on their own feelings about this important issue. Readers will broaden their understanding of issues that center on immigration with cross-curriculum activities, such as poetry and letter writing, graphing, and other math analyses.
