Los signos, símbolos, señales, iconos son entidades semióticas (es la disciplina que aborda la interpretación y producción del sentido con base en la comunicación) con propiedades diferenciadas. Un signo se da por la relación de lo designado, el designante y la representación; mientras que un símbolo es una representación gráfica que puede ser parte del signo.

guide. For centuries, symbols have been imperative throughout the world, signifying ideas, relationships, and objects across different cultures. Find out why a flag at half mast is a symbol of mourning, why toads have got a bad name while frogs turn into princes, and why a heart pierced by an arrow is a classic symbol of love. Delve into the meaning of each symbol and investigate how they have been interpreted in myth, religion, folklore, and art over time, with authoritative text from experts in the field and striking line drawings and photography that emphasize the visual strength and beauty of signs. Divided into six thematic sections - the cosmos, the natural world, human life, myths and religions, society
