**English In Advertising A Linguistic Study Of Advertising ...**

The word 'advertise' originated from Latin *advertere*, which means "to attract people's attention." The basic characteristic of advertising is to arouse consumers' attention and interest towards a product so that consumers would take action to buy the product (Cao, 2008).

**Linguistic Features Of Advertising Language English ...**

Visual content and design in advertising have a very great impact on the consumer, but it is language that helps people to identify a product and remember it. The English language is known for its extensive vocabulary. Where many other languages have only one or two words which carry a particular meaning, English may have five or six.

of linguistic means of the expression of gender stereotypes in verbal texts, including advertising ones. Therefore, we see it necessary to investigate the means of linguistic representa-tion of gender stereotypes as exemplified in the English-language advertising texts. The research subject is advertising texts that represent
