Teaching Grammar & Mechanics: Techniques & Strategies ...
It is rather difficult to decide what English to teach to engineers. First of all, “ engineer ” has two rather distinct meanings, one of which is close to “ technician ” or “ mechanic ” (e.g. a photocopier repair engineer) and another which is closer to “ designer ”. The needs of these two groups are likely to be different, but there are also people whose jobs and training fall somewhere in the middle.

How to Teach English for Engineers - UsingEnglish.com
Teaching English as a foreign language (TEFL) refers to teaching the English language to students with different first languages, typically used to imply that the English Language Learner may have already learned more than one language, prior to learning English.TEFL can occur either within the state school system or more privately, at a language school or with a tutor.

Teaching English as a second or foreign language - Wikipedia
Communicative language teaching began in Britain in the 1960s. It was used to replace the earlier structural method, called Situational Language Teaching (Orwig, 1999). The goal of communicative language teaching is to teach real-life communication skills. Students learn with a situation that they may encounter in their real life.

Methods And Approaches Of English Language Teaching
A teacher, therefore, needs effective ways of assisting students in overcoming the mechanical obstacles to writing. In this article, we examine 8 methods that teachers can use to help students deal with the spelling obstacle: collaboration, pre-cueing, word books, asking the teacher, invented spelling, peer collaboration, self-checking, and computer-assisted writing.
