With more than 100,000 copies in print, *Living with the Passive-Aggressive Man* draws on case histories from clinical psychologist Scott Wetzler's practice to help you identify the destructive behavior, the root causes and motivations, and solutions. Do you know one of these men? The catch-me-if-you-can lover... Phil's romantic and passionate one minute, distant and cold the next. The deviously manipulative coworker or boss... Jack denies resenting Nora's rapid rise in the company, but when they're assigned to work together on a project, he undermines her. The obstructionist, procrastinating husband... Bob keeps telling his wife he'll finish the painting job he began years ago, but he never seems to get around to it. These are all classic examples of the passive-aggressive man. This personality syndrome—in which hostility wears a mask of passivity—is currently the number one source of men's problems in relationships and on the job. In *Living with the Passive-Aggressive Man*, Scott Wetzler draws upon numerous case histories from his own practice to explain how and why the passive-aggressive man thinks, feels, and acts the way he does. Dr. Wetzler also offers advice on:

- How to avoid playing victim, manager, or rescuer to the "P-A"
- How to get his anger and fear into the open
- How to help the "P-A" become a better lover, husband, and father
- How to survive passive-aggressive game playing on the job

Living with a man's passive aggression can be an emotional seesaw ride. But armed with this book, you can avoid the bumpy landings.

It Doesn't Take a Perfect Person to Find a Perfect Love Even though he was born without arms or legs, Nick Vujicic created a "ridiculously good life." But after dating disappointments and a failed relationship, he reached his mid-twenties worried that he would never find a woman to love him and share his life. Then Nick met Kanae and everything changed. But even with undeniable chemistry, they would have to navigate twists and turns worthy of a romantic comedy before becoming "one" in marriage. In *Love Without Limits* Nick and Kanae tell how they improbably found each other, fell in love, and then fought to overcome skepticism from others about their relationship. Filled with practical insights that will benefit any couple, this inspiring book describes a godly courtship and the early years of the Vujicics' marriage and parenting journey. Above all, *Love Without Limits* is an inspiring reminder that when Christ is at the center of a relationship—even with serious challenges—true love will triumph. *** "Despite my optimism about other parts of life, I decided that love in this world had limits after all. I'd become convinced that no woman would want to marry such an obviously imperfect man as me..." As a boy growing up in Australia, Nick Vujicic could not understand why God had allowed him to be born without limbs and if He would ever bring a woman into Nick's life. On the other side of the world, Kanae Miyahara—a girl growing up in Mexico—saw dysfunction sadly separate her family. She wondered if a loving, lasting marriage was even possible. Later, when Nick realized that God had a purpose for him, his life took on new meaning. But after a long-term relationship ended in heartache, would he ever find someone to marry? Kanae experienced relationships based on superficial attraction, but she longed to find a mate with strong character and faith—a man who would be a godly husband and father. When Nick and Kanae met in the most amazing way, they realized that God—the ultimate Matchmaker—had used even their discouraging and painful experiences to prepare them for each other...for the love of their life.

In today's Ireland, it's not only the economy that's booming. Dublin-based architects O'Donnell + Tuomey have brought a wealth of exciting buildings to the Emerald Isle for the past seventeen years. Their striking modernist works show their appreciation for Ireland's rich cultural, historic, and civic identity without falling into the trap of typical pitched roofs, gables, slate, and brick. Instead the firm chooses less conventional but more fitting materials that seem to express something not quite visible about their sites. O'Donnell + Tuomey, the first monograph on the firm, presents fifteen of their institutional and residential projects in an arresting collection of color photography, plans, and drawings. The book includes the controversial Irish Pavilion at the Irish Museum of Modern Art, the Ranelagh Multidenominational School, the Irish Pavilion at the 2004 Venice Biennale, and their recent Glucksman Gallery at the University College Cork, which was one of six buildings shortlisted for the 2005 Stirling Prize.
