If you want to be able to do this, all it is is, is holding the stick between your thumb and your index finger and opening your grip as you let the stick twirl over between the grip of your thumb and index. Try that out and once you get comfortable and you can switch to the other hand. Get used to both sides.

Escrima sticks are the primary weapon in Eskrima for several reasons. First, an eskrima stick is a more flexible weapon than the long blades and second, it is more accessible than the bladed weapons. While you can be penalized for bringing a bladed weapon into the mall or out in public, nobody will penalize you for having a stick.

Through two-man drills is how a student is trained, under the management of a more practiced Eskrimador. The most important and fundamental drill, known as 1 to 12, entails alternate defense and the block against the basic stick blows. At the start of the training, the strikes are performed in a particular pre-arranged order.
