As national societies, within Europe and elsewhere, are deemed to become increasingly diverse in ethno-cultural, religious, and racial terms, the question which comes to the fore is how people can live together in/with/through diversity. Although academic scholarship has offered important insights into the ways that migrants negotiate their everyday lives within receiving societies (Bailey 2000; Fortier 2000; Kastoryano 2002; Kumsa 2005; Ho 2006; Brah 2007; Skrbish et al. 2007; Cagliotti 2008 ...

Canada's Contribution to the "Management" of Ethno-Cultural Diversity. Frances Henry (York University, Canada). Abstract: It is often believed that Canada is able to "manage" its diverse society to the extent that it is cited as a model for other countries to follow. The main reason for this perception is that Canada is one of the very few countries to have legislated multiculturalism.

Diversity, in its recent forms, whether cultural, political, ethnic, or religious, is a byproduct of globalization. Globalization has made the movements of persons or groups in the ethnoscape easier. It is apparent that the management of diversity has posed a great challenge for nation states as well as for the international and supranational organizations such as the United Nations and the European Union (EU).
