The term 'event' includes conferences, exhibitions, festivals, special events, civic events, sports events and the like. You can also learn how to create a wide range of meetings.

~~event management book of knowledge—rybbon.net~~

“ Event management is the process by which events are conceived, planned, created and assessed. Events are brought to life by the project management of a series of well thought out plans and tasks. Events are experiential by their nature. So management of them means that you must immerse yourself in the event, and not just tick actions off a list. Good event management requires flexibility, strength of character and an ability to connect with people from all walks of life. ”
