Featured on Dateline and CNN, the true story of a young man destined for greatness on the football field—until a few wrong turns led him to a ten-year prison sentence. He was offered an impossible mission: Coax a confession out of a fellow inmate, a serial killer, and walk free. Jimmy Keene grew up outside of Chicago. Although he was the son of a policeman and rubbed shoulders with the city's elite, he ended up on the wrong side of the law and was sentenced to ten years with no chance of parole. Just a few months into his sentence, Keene was approached by the prosecutor who put him behind bars. He had convicted a man named Larry Hall for abducting and killing a fifteen-year-old. Although Hall was suspected of killing nineteen other young women, there was a chance he could still be released on appeal. If Keene could get him to confess to two murders, there would be no doubt about Hall's guilt. In return, Keene would get an unconditional release from prison. But he could also get killed. A story that gained national notoriety, this is Keene's powerful tale of peril, violence, and redemption.

How to put a method, a structure in madness? "Since I'd be first to cast a stone at a murderer—I am one after all—I venture on writing these truthful chronicles as a study of human suffering," writes a serial-killer, in a story of self-discovery gone amok. JUNG'S DEMON is a book as hallucinogenic as Hunter S. Thompson and as powerful as Oscar Zeta Acosta. It is as tragic as Malcolm Lowry and occasionally as funny as David Foster Wallace. "The murders Roman L. had committed with such a ferocious, savage intensity send shivers down my spine every time I reflect on his brutally honest confessions. He writes about "sinking into the terrifying Hell of my own soul, a cold, utter darkness of the scariest, most painful insanity that peels off your skin while your brain screams, crushed by madness." Even now as I copy his words here, I shake as I furtively look around. And I am afraid. I dread, no matter how irrationally, that I somehow might meet him or one of his scary personalities anew, and, like I was once before in Paris, again be tricked into liking him by his disarming, almost child-like smile and by his mirthful laughter that hid both the frightened child in him and the terrifying, heartless monster sneering behind. This book contains his chronicles. His harrowing descent into Hell." Think Kafka on acid and sprinkle some humor over it; that's JUNG'S DEMON. "What if I should discover that I myself am the enemy who must be loved? What then?" Carl Gustav Jung

Jason Steadman is a thirty-year-old sales executive living in Boston and working for an electronics giant, a competitor to Sony and Panasonic. He's a witty, charismatic guy who's well liked at the office, but he lacks the "killer instinct" necessary to move up the corporate ladder. To the chagrin of his ambitious wife, it looks as if his career has hit a ceiling. Jason's been sidelined. But all that will change one evening when Jason meets Kurt Semko, a former Special Forces officer just back from Iraq. Looking for a decent pitcher for the company softball team, Jason gets Kurt, who was once drafted by the majors, a job in Corporate Security. Soon, good things start to happen for Jason—and bad things start to happen to Jason's rivals. His career suddenly takes off. He's an overnight success. Only too late does Jason discover that his friend Kurt has been secretly paving his path to the top by the most "efficient"—and ruthless—means available. After all, as Kurt says, "Business is war, right?" But when Jason tries to put a stop to it, he finds that his new best friend has become the most dangerous enemy imaginable. And now it's far more than just his career that lies in the balance. A riveting tale of ambition, intrigue, and the price of success, *Killer Instinct* is Joseph Finder at his best. *San Francisco Chronicle ** Pittsburgh Post Gazette

As the townsfolk of the Welsh valley town of Llanellen settle in for the snowiest winter in twenty-five years, an American stranger arrives. Harry Saunders charms the ladies, one of them in particular: Evelyn Lloyd, the town's former postmistress, who was left comfortably off after the death of her husband. After Mrs. Lloyd invests a good deal of money with him, Harry goes missing, as does her money. His body is soon discovered outside the walls of Conwy Castle, and Mrs. Lloyd is implicated in the murder. Although Penny Brannigan and her business partner, Victoria Hopkirk, are busy overseeing the grand opening of their new spa, that doesn't stop Mrs. Lloyd from desperately seeking Penny's help to prove her innocence. It's quite possible that Harry made other enemies while in Llanellen and Penny's investigation unfolds while she juggles her work at the spa, her growing relationship with Detective Inspector Davies, and the Christmas window competition that she signed up to judge. With *A Killer's Christmas in Wales*, Elizabeth J. Duncan delivers a delightful holiday-themed mystery.

as the powerful alien, Knight Mare, seeks to possess the stone and its amazing power. Cambridge 1354. Christmas approaches and the town is gripped by the worst blizzards in living memory. As the physician, Matthew Bartholomew, struggles to help the poorer citizens cope with freezing temperatures, his colleagues prepare for the festivities. The weather has trapped many travellers in the town, including Matthew's erstwhile love, Philippa. She and her wealthy husband are invited to Michaelhouse for the main feast, and Matthew is horrified that he does not immediately recognise the over-weight, sulky woman who once stole his heart. In some ways he is relieved to accept Brother Michael's orders to identify a man found dead, apparently from exposure, in a nearby church, but the success of his mission brings him closer to Philippa's circle, for the man was her husband's servant. And then the husband himself is dead, victim of an accident on the treacherous ice of the fens - or was it a more sinister death, somehow linked to the death of one of his business rivals months earlier in London? Susanna Gregory again brings medieval Cambridge to rich and vibrant life in a beautifully crafted mystery.
