Argument Uta
First-person perspective First-person perspective is where a character from the story tells the story. This involves using 'I' or 'we' in the narration. The advantage of this structure is that the...

How to use structure for effect - BBC Bitesize

The first stage trust versus mistrust is developed during infancy to around twelve plus months. Infants rely completely on their caregivers, the quality and dependability received from the caregiver builds the type of trust they will develop. Children who have built trust within this first year usually feel safe and secure.
