Crime dramas and Westerns have produced many villains but few have been as effective and memorable as Dan Duryea. The bulk of his villains were mean-spirited sadists who made life rough for anyone who got in their way. They could be cold-blooded crime bosses or psychotic Western gunslingers. It didn't matter whether the terrain was urban or country, the dead-panned expressions, clipped threats and hyena laughs often resulted in death for someone. The menacing heel screen persona became so pervasive that Dan Duryea changed character-type to broaden his range. Despite his excellent acting ability, audiences still wanted him to be the man they loved to hate. Suffice to say, even his good characters had a touch of larceny to them; if they didn't, they wouldn't have the Duryea touch. Dan Duryea was a durable actor who was able to carry a solid supporting role or hold down the lead in a boisterous Western or pulp melodrama. He's held his own with many leading actors and actresses besides working for many notable directors. Whether or not he was working in a classic film or a low budget pot boiler, he always gave an engaging performance. That is especially true of his expansive television credits. His unique style is highlighted in classic dramas, crime noirs, pulp Westerns, soap opera romances and low budget independents from the 40's to the late 60's. He also has a television resume that covers all of the dramatic, comedy and Western genres of the 50's and 60's, including his own adventure show in the 50's and a recurring role in a 60's prime time soap opera. The irony of Dan Duryea's career is that the man who created a roster of scoundrels, connivers, murderers, and thieves was actually a mild mannered man who enjoyed a fulfilling home life and a marriage that lasted 36 years and produced two sons.

In the early 1930s, George Raft, an actor and dancer from New York City's Hell's Kitchen, gained a name for himself playing stylish and charismatic gangsters in films like 1932's original Scarface. Raft's own real-life connection to the New York mob added frightening authenticity to his portrayals, and his star quality coincided with the peak years of the Hollywood factory to produce a remarkable track record of successful movies. Highly regarded during his lifetime as a performer, his reputation as an actor suffered a steep decline after his death. This definitive study of all of Raft's films offers intimate insight into all of his productions, including casts, characters, technical credits, and story synopses, and dispels a number of myths surrounding his legendary career.

In ancient times, when the Heavenly Soul Realm was created, the Heavenly Soul Realm fought against the Heavenly God in the Nine Astral Heavens. In ancient times, the Heavenly Soul Realm fought with the Heavenly God in the Nine Astral Heavens, causing the two to die.

Dan Duryea was a rare actor that had the knack of creating an impressive array of characters from a limited range of emotions. He used this array in different combinations and frequencies to create heroes and villains from the same patterns. It was a matter of degree pertaining righteous behavior versus malicious cowardice. Sometimes, the touches were subtle; other times they were stark contrasts. That meant there were times when tags like hero and villain meant nothing. Duryea's unique style was highlighted in classic dramas, crime noirs, pulp Westerns, soap opera romances, and low-budget independents from the 1940s to the late 1960s. The Little Foxes (1941) started his film career that continued until The Bamboo Saucer (1967), a Cold War science-fiction adventure. He also appeared on classic American television series, such as Rawhide (1959-1963), Wagon Train (1957-1964), China Smith (1952) and recurring roles in Peyton Place (1967-1968), with dozens of appearances in other dramatic, comedy, and Western series throughout the 1950s and 1960s. Discover the fascinating story of the man and the movies in a richly researched work. 358 pages. Illustrated
