Graph paper - templates.office.com

You will need a y-axis (up and down) and an x-axis (side to side). Typically, but not always, these will intersect in the lower left corner of your graphpaper. Graphs are always Y vs. X. For example a graph of mass vs. volume would have mass on the y-axis and volume on the x-axis. Take a look at your data.

Making a Graph on Graph Paper - Purdue University

Graphing Complex Numbers Mini-Project (25 points) Instructions: Using graph paper, graph the following complex numbers on a Complex Plane. Some must be solved/simplified before being graphed (SHOW WORK!). Connect each point in order as you graph them. Connect the points in each section, but start over for each new section.
