silicone lubricant for use on food processing and handling equipment. It forms a colourless, odourless film that does not attract dust and product debris. It lubricates and protects in most metal and non-metal applications without damaging treated surfaces or leaving marks or stains.

Food Grade Silicone - CRC

CRC Food Grade Silicone Grease is a thin non-curing silicone grease designed for sealing, lubricating and waterproofing o-rings and other rubber and plastic parts used in food processing equipment. It insulates valves, electrical contacts, spark plugs, battery terminals and fasteners from moisture and protects against corrosion.

Food Grade Silicone Grease - CRC

CRC Food Grade Silicone Grease is a thin non-curing silicone grease designed for sealing, lubricating and waterproofing o-rings and other rubber and plastic parts in the food processing industry.

Food Grade - CRC

DESCRIPTION: CRC Water Based Silicone is a non-flammable, NSF H1 registered multi-purpose silicone spray for food processing and handling applications. It forms a white emulsion that is an odourless, non-staining film that lubricates and protects in most metal to non-metal applications. CRC Water Based Silicone is a silicone rich formula that eliminates binding and sticking, while protecting most surfaces.
