HVAC Training

101 is a site  
visited by over  
100,000

enthusiasts  
monthly, who are  
interested in  
becoming HVAC  
technicians. The  
site initially  
began as the  
passion project  
of a retired  
HVAC technician.

# Get Free Fujitsu Halcyon

The site quickly gained popularity, building a strong community of aspiring HVAC technicians. Currently, it is managed by a team of ex-HVAC technicians with decades of experience in the industry.

We began by  
writing about  
how to become  
certified as an  
HVAC technician.  
With rules and  
certifications  
varying for each  
state, it was a  
challenging  
task. We had a

# Get Free Fujitsu Halcyon

few friends in  
other states  
help us out, but  
for some states,  
we had to dig  
really deep to  
find the  
information  
needed. Our  
audience at the  
time was very  
happy with the  
information we  
provided. At

# Get Free Fujitsu Halcyon

At this point, we started getting many questions about EPA 608 certification. Once you get the education and experience needed to become a technician, prospective employers will ask for certification to

refrigerants.

When we started

writing about

how to become

certified,

viewers again

requested we

write a study

guide to help

them prepare for

the 608 exams.

The study guides

out there were

dense and had  
much more  
information than  
was needed to  
pass the test.  
This inspired us  
to embark on a  
journey to write  
the simplest  
study guide for  
the EPA 608  
exam, which  
would still  
cover all the

information. We

hope we have

achieved our

intended

objective. The

journey to

becoming an HVAC

be long and

congratulate you

on taking this

path and wish
