I know that this is Kelly Gardiner's first "adult" novel, but I believe it had so many shortcomings as an adult book. While it was a somewhat clever idea to stage the whole book around her last confession, the prose was so full of choppy, incomplete sentences it kept me from getting more than skin deep into this character.

21/09/2019. 30/01/2020. Heather Rose Jones Harper Collins, Kelly Gardiner. Goddess by Kelly Gardiner is a fictionalized biography of Julie d'Aubigny, known as Mademoiselle de Maupin. This bisexual 17th century French swordswoman, opera singer, and daring adventurer would be impossibly implausible as an entirely fictional character and it's a crime that we don't have an entire industry of novels, movies, mini-series, and the like dedicated to telling her story from all angles.

A sparkling, witty and compelling novel based on the tragic rise and fall of the beautiful seventeenth century swordswoman and opera singer, Julie d'Aubigny (also known as La Maupin), a woman whose story is too remarkable to be true - and yet it is. Versailles, 1686: Julie d'Aubigny, a striking young girl taught to fence and fight in the court of the Sun King, is taken as mistress by the King's Master of Horse. tempestuous, swashbuckling and volatile, within two years she has run away with her fencing master, fallen in love with a nun and is hiding from the authorities, sentenced to be burnt at the stake. Within another year, she has become a beloved star at the famed Paris Opera. Her lovers include some of Europe's most powerful men and France's most beautiful women. Yet Julie is destined to die alone in a convent at the age of 33. Based on an extraordinary true story, this is an original, dazzling and witty novel - a compelling portrait of an unforgettable woman. 'I thought the book was utterly fascinating, dazzlingly original and inventive, and written with such wit and flair. the character of Julie is drawn so poignantly - what a woman!' Kate Forsyth 'An engaging and skilfully told tale of a singular character' Sydney Morning Herald 'The divine creature who plummets from the painted clouds' to center stage in Kelly Gardiner's gender-bending picaresque Goddess, is based on an actual historical character, Julie d'Aubigny. Scenes sparkle with period details and sensory impressions: all spectacle and shimmer, all gesture and pose, Baroque mask and mirror and role-play. Gardiner does this very well. And her goddess fascinates.' New York Times Book Review 'This is a wonderful story, made all the more gripping for being founded on truth. Gardiner undertakes to bring this ambiguous and outrageous woman back to life ... she succeeds with flair ... I wholeheartedly recommend this book as the most exquisitely-rendered historical novel I have read in years.' Historical Novel Society review

Praise for Act of Faith: the novel is expansive and impressive, and with Gardiners eloquent words and literary flair she acts as fictional tour-guide breathing life into these cobblestoned walkways and Ghetto communities... a divine story, dripping in history and delivering a wonderful message of freedom, loyalty and bravery. the Alpha Reader Highly recommended... "When she was 14 years old she became the mistress of her father's boss." Julie d'Aubigny was born in the later half of the 17th century France. During her lifetime she became a talented fencer which led her into many illegal duels, opera singing, and attempting to seduce many people irregardless of their sex. She once had a brief run in with the law, being involved in the "kidnapping" of a nun and setting the convent on fire. Julie d'Aubigny was one of the most interetsing gals in all of history.

Set in the Australian bush, a wryly funny, beautifully observed novel about friendship, motherhood, love, and the importance of fighting for things that matter. Loretta Boskovic never dreamed she would end up a single mother with two kids in a dusty Australian country town. She never imagined she'd have to campaign to save the local primary school. She certainly had no idea her best friend would turn out to be the crusty old junk man. All in all, she's starting to wonder if she took a wrong turn somewhere. If only she could drop the kids at the orphanage and start over . . . But now, thanks to her protest letters, the education minister is coming to Gunapan, and she has to convince him to change his mind about the school closure. And as if facing down the government isn't enough, it soon becomes clear that the school isn't the only local spot in trouble. In the drought-stricken bushland on the outskirts of town, a luxury resort development is about to siphon off a newly discovered springwater supply. No one seems to know anything, no one seems to care. With a dream lover on a Harley unlikely to appear to save the day, Loretta needs to stir the citizens of Gunapan to action. She may be short of money, influence, and a fully functioning car, but she has good friends. Together they can organize chocolate drives, supermarket sausage sizzles, a tour of the local

slaughterhouse—whatever it takes to hold on to the scrap of world that is home. Warm, moving, and funny, *The Fine Color of Rust* is “a story about love: where we look for it, what we do with it, and how it shows up in the most unexpected packages” (Big Issue, Australia).

Using her deep knowledge, her skills as a storyteller, and her imagination, Dava Sobel illuminates one of history's most significant and far-reaching meetings. In the spring of 1539, a young German mathematician--Georg Joachim Rheticus--journeyed hundreds of miles to northern Poland to meet the legendary, elderly cleric and reluctant astronomer Nicolaus Copernicus. Some two decades earlier, Copernicus had floated the mind-boggling theory that the Sun, not the Earth, was stationary at the center of the universe, and he was rumored to have crafted a book that could prove it. Though exactly what happened between them can never be known, Rheticus shepherded Copernicus's great work into production and *De revolutionibus orbium coelestium* ultimately changed the course of human understanding. Dava Sobel imagines their dramatic encounter, and with wit and erudition gives them personality. Through clever and dramatic dialogue, she brings alive the months Rheticus and Copernicus spent together--the one a heretical Lutheran, the other a free-thinking Catholic--and in the process illuminates the historic tension between science and religion. An introduction by Dava Sobel will set the stage, putting the scenes in historical context, and an afterword will describe what happened after Copernicus's book was published detailing the impact it had on science and on civilization.

'The world today hangs by a thin thread, and that thread is the psyche of man' C. G. Jung Jung was the original anti-psychiatrist, who believed that the real patient was not the suffering individual, but a sick and ailing Western civilization. He was not interested in developing a narrow therapy that would help fit the individual into an untransformed society. His true aim, in all of his work, was a therapy of the West. David Tacey introduces the reader to Jung's unique style and approach, which is at once scientific and prophetic. Through a series of close readings of Jung's works, he explores the radical themes at the core of Jung's psychology, and interprets for us the dynamic vision of the whole self that inspires and motivates his work. Extracts are taken from Jung's autobiography, *Memories, Dreams, Reflections*, and from his collected works, including *Archetypes and the Collective Unconscious* and *Civilization in Transition*.

The Swashbuckler trilogy tells of the adventures of Lily, a young girl who grows from a pirate slave to a pirate princess, for readers 9-12. Titles in the series are: *Ocean Without End*; *The Pirate's Revenge*; *The Silver Swan*.
