This "Wonder" novel unit plan contains a variety of teaching materials that cater to all learning styles. Inside you'll find: Projects and Student Activities, Short Answer Questions, Essay Questions, Discussion Questions and more! The lessons and activities will help students gain a thorough understanding of the text, while the printable questions will help you evaluate how well the students have grasped the material. Also listed are the Common Core Anchor Standards that are specifically connected to the unit plan. As you may find the lessons touch upon many more strands of the Common Core, the Anchor Standards listed are the ones directly addressed in the unit plan.

Achieving Teaching Excellence serves not only as a readable, user-friendly textbook for the beginning teacher but, also as a source book for the experienced teacher, helping both create meaningful student learning experiences, stimulating student interest, developing cognitive skills, and leading students to question established tenets. You will want to keep it handy, referring to it time and again throughout your teaching career.

Middle school teachers will find everything you need to set up your classroom for maximum learning, prepare dynamite lessons, create an effective classroom management plan... and so much more! From getting ready for the first day to staying on target through June, this must-have book will be your companion for years to come.

This book provides expert advice on perennial issues in teaching - planning and preparation. By taking the best ideas from a variety of sectors, and drawing on an unusual breadth of experience as a teacher, parent and business manager, the author's advice is uniquely well-rounded and pragmatic. Packed with anecdotes, reflective questions and exercises, this enjoyable read covers everything a teacher needs to plan and prepare effectively, and use assessment to inspire more professional and fruitful lessons.

This book is written for all university and college teachers interested in experimenting with discussion methods in their classrooms. Discussion as a Way of Teaching is a book full of ideas, techniques, and usable suggestions on: * How to prepare students and teachers to participate in discussion * How to get discussions started * How to keep discussions going * How to ensure that teachers' and students' voices are kept in some sort of balance It considers the influence of factors of race, class and gender on discussion groups and argues that teachers need to intervene to prevent patterns of inequity present in the wider society automatically reproducing themselves inside the discussion-based classroom. It also grounds the evaluation of discussions in the multiple subjectivities of students' perceptions. An invaluable and helpful resource for university and college teachers who use, or are thinking of using, discussion approaches.

This indispensable handbook provides helpful strategies for dealing with both the everyday challenges of university teaching and those that arise in efforts to maximize learning for every student. The suggested strategies are supported by research and adaptable to specific classroom situations. Rather than suggest a " set of recipes " to be followed mechanically, the book gives instructors the tools they need to deal with the ever-changing dynamics of teaching and learning. Available with InfoTrac Student Collections <http://goengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This book show you how you can foster reflective, independent thinking in your class; boost the number of students who actively participate; and prevent the discussions from falling flat or degenerating into "bull sessions." This volume features 20 student-centered lesson plans and includes answer keys for teachers. Each lesson plan engages students in active learning.

Shakespeare ' s one of the greatest playwrights of all time—but telling a student this isn ' t enough. This bundled book is perfect for teachers looking for lesson plans and other resources to get students interested in the Bard. Inside you will find a five day lesson plan, discussion questions, a comprehensive study guide, a biography about the life and times of Shakespeare, and a modern retelling (along with the original text) of Shakespeare ' s Hamlet. Each section of this book may also be purchased individually.
