High Output Management: Amazon.co.uk: Grove, Andrew S ...

High Output Management is a celebration of the middle manager. Unlike most management books, it really really gets into the weeds of management, and can get really prescriptive about how to do things. This is really refreshing for those who want a very high fidelity, precise view of what "great management" can look like.

Summary of High Output Management: by Andrew S. Grove ...

In the first part of High Output Management, Grove spends some time (the first 40 pages) covering basic production concepts which he refers to as " The Breakfast Factory." You may think it's a bit strange that a management book starts off by covering the principles of production, but it's super relevant for the following reasons:
