Also, fun is found in the little moments: you don't need to carve out your whole day. Block out a half-hour to do something you enjoy, just for the fun of it. 4. You think you need to plan it.

8 Ways to Make Your Life More Fun | Psychology Today

Being more interesting isn't about sitting around at home an hour before meeting your friends for dinner and cramming some Fun Facts into your head to bring up later. It's about living a varied life and really becoming the kind of person who has new things they can introduce to everyone.

You want to leave a mark, not a blemish. Be a hero, not a spectator. You want to be interesting. (Who doesn't?) But sometimes it takes a nudge, a wake-up call, an intervention!—and a little help. This is where Jessica Hagy comes in. A writer and illustrator of great economy, charm, and insight, she's created How to Be Interesting, a uniquely inspirational how-to that combines fresh and pithy lessons with deceptively simple diagrams and charts. Ms. Hagy started on Forbes.com, where she's a weekly blogger, by creating a "How to Be Interesting" post that went viral, attracting 1.4 million viewers so far, with tens of thousands of them liking, linking, and tweeting the article. Now she's deeply explored the ideas that resonated with so many readers to create this small and quirky book with a large and universal message. It's a book about exploring: Talk to strangers. About taking chances: Expose yourself to ridicule, to risk, to wild ideas. About being childlike, not childish: Remember how amazing the world was before you learned to be cynical. About being open: Never take in the welcome mat. About breaking routine: Take daily vaca- tions . . . if only for a few minutes. About taking ownership: Whatever you're doing, enjoy it, embrace it, master it as well as you can. And about growing a pair: If you're not courageous, you're going to be hanging around the water cooler, talking about the guy that actually is.

THE classic work about changing yourself and how others see you from the world-renowned writer and philosopher Edward de Bono People spend vast amounts of money, time and energy to achieve and maintain beauty, and yet despite its undisputed importance few of us devote similar efforts to be interesting. It is often thought that intelligence, beauty and confidence make you more interesting. This is not true. Being interesting is actually a state of mind. In How to be More Interesting, lateral-thinking guru Edward de Bono reveals how playing with ideas, making connections, speculating and using the imagination are at the heart of being an interesting person. With seventy exercises that will help you bring humour, insight and surprise to everyday situations, this book will ensure that people not only find you fascinating company but also won't be able to forget you.

The Most Interesting Person in the Room is a rich, fast-paced exploratory journey into the world. This debut book from author Thomas Vernon is a glorified fact book, exploring the broad topics into Health, History, Sport, Finance, and Death.

Bree is a loser, a wannabe author who hides behind words. But when she's told she needs to start living a life worth writing about, The Manifesto on How to Be Interesting is born. Six steps on how to be interesting. Six steps that will see her infiltrate the popular set, fall in love with someone forbidden and make the biggest mistake of her life.

De Bono teaches ordinary people leading ordinary lives the skills to be more interesting. With more than 70 stimulating exercises de Bono helps develop the "playground" of the mind where interest is created.

If you'd like to improve your social skills by becoming more Interesting, Engaging, Charismatic, and Likeable in order to be someone that everybody wants to be around, then this book is for you!Everybody wants to be liked and accepted by other people, but it's not as easy as it sounds. The purpose of this book is to help you learn how to become more interesting, engaging, and charismatic, and I'll provide you with lots of information and tips that will help you to understand what actions are beneficial to your cause, and which to avoid. If you are willing to invest a little time to changing yourself for the better, this book will help you improve (not change) your personality to become a person that everybody wants to be around.

More Interesting Than Your Teacher is an innovative take on learning. Stuart Wright believes that schools go about learning the wrong way, focusing too much on the details and confusing children. More Interesting Than Your Teacher sets to correct this and tackle those tricky subjects in an accessible bite sized way that will help children (and adults) get their head round the information. With a wide range of subjects tackled including, science, geography, languages, social history, animals and naming. Why is it colder up at higher altitudes even though you are closer to the sun? And did you know that only 5% of the world surface is habitable? That Jackson Pollack's painting No. 5 is one of the most expensive paintings ever sold? That one of Peru's biggest exports is bird poo? More Interesting Than Your Teacher has the answers to these questions and hundreds of others. With the facts presented in short, easy to understand language and accompanied by fun illustrations, this book can help children of all ages learn vital information without hours of study.

What makes a life truly interesting? Is it the people you meet? The risks you take? The adventures you remember? Jonathan Goldsmith has many answers to that question. For years he was a struggling actor in New York and Los Angeles, with experiences that included competing for roles with Dustin Hoffman, getting shot by John Wayne, drinking with Tennessee Williams, and sailing the high seas with Fernando Lamas, never mind romancing many lovely ladies along the way. However, it wasn't all fun and games for Jonathan. Frustrated with his career, he left Hollywood for other adventures in business and life. But then, a fascinating opportunity came his way—a chance to star in a new campaign for Dos Equis beer. A role he was sure he wasn't right for, but he gave it a shot all the same. Which led to the role that would bring him the success that had so long eluded him—that of “The Most Interesting Man in the World.” A memoir told through a series of adventures and the lessons he's learned and wants to pass on, Stay Interesting is a truly daring and bold tale, and a manifesto about taking chances, not giving up, making courageous choices, and living a truly adventurous, and always interesting life.

TESTIFICATE MAN FACES HIS GREATEST CHALLENGE YET!!!!It's just another day around the village for Testificate Man, when suddenly a group of flying, black-robed wizards appear from out of the skies! They inform the villagers that they are Mods. . . and they've come to deliver some rather bad news. The server just isn't interesting anymore, and nobody seems to want to drop by. Because of this, they plan to reboot it entirely-turning the village into a circus, and all the villagers into clowns! Testificate Man likes being himself (and plus, he thinks clowns are scary), so he knows he can't let this happen. Through dumb luck and cunning (but mostly dumb luck), Testificate Man convinces the Mods to give him and the other villagers thirty days to make their server more interesting. With the clock ticking-and no good ideas about how to actually become more interesting-Testificate Man hears about a special, magical item that's so interesting it's The Most Interesting Thing in the Overworld. And conveniently, the village librarian seems to have a map showing precisely where it is! Find out what happens next when Testificate Man embarks upon this epic quest to make his server-and perhaps even himself-more interesting!

If strategy is the queen of business, then this book offers us the perfect introduction to her court! It is accessible, lively, and informative. The book repays the reader with wonderful account of how strategy works. It also lets the reader in on some of the darker secrets of strategy' - André Spicer, Associate Professor of Organisation Studies, Warwick Business School Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. Studying Strategy is a welcoming, lively and thought provoking account that helps students get to grips with strategy's key issues and broad debates and introduce them to the latest ideas. Suitable for students of strategy at Undergraduate, Masters and MBA level, professionals involved in strategic decision making and anyone interested in how strategy works.
