This commentary is designed to accompany the revised Constitution Study Guide of the United States and the State of Illinois. The revised Study Guide is being issued in conjunction with the 2002 Official GED Test. The Study Guide and two test forms meet the requirements for the GED certificate as set forth in the Illinois Compiled Statutes, Chapter 105, Article 27, Section 3.

Supreme Court Justice Antonin Scalia once remarked that the theory of an evolving, "living" Constitution effectively "rendered the Constitution useless." He wanted a "dead Constitution," he joked, arguing it must be interpreted as the framers originally understood it. In *The Living Constitution*, leading constitutional scholar David Strauss forcefully argues against the claims of Scalia, Clarence Thomas, Robert Bork, and other "originalists," explaining in clear, jargon-free English how the Constitution can sensibly evolve, without falling into the anything-goes flexibility caricatured by opponents. The living Constitution is not an out-of-touch liberal theory, Strauss further shows, but a mainstream tradition of American jurisprudence--a common-law approach to the Constitution, rooted in the written document but also based on precedent. Each generation has contributed precedents that guide and confine judicial rulings, yet allow us to meet the demands of today, not force us to follow the commands of the long-dead Founders. Strauss explores how judicial decisions adapted the Constitution's text (and contradicted original intent) to produce some of our most profound accomplishments: the end of racial segregation, the expansion of women's rights, and the freedom of speech. By contrast, originalism suffers from fatal flaws: the impossibility of truly divining original intent, the difficulty of adapting eighteenth-century understandings to the modern world, and the pointlessness of chaining ourselves to decisions made centuries ago. David Strauss is one of our leading authorities on Constitutional law--one with practical knowledge as well, having served as Assistant Solicitor General of the United States and argued eighteen cases before the United States Supreme Court. Now he offers a profound new understanding of how the Constitution can remain vital to life in the twenty-first century.

For the 2020 Exam! AP® U.S. Government and Politics Crash Course® A Higher Score in Less Time! At REA, we invented the quick-review study guide for AP® exams. A decade later, REA's Crash Course® remains the top choice for AP® students who want to make the most of their study time and earn a high score. Here's why more AP® teachers and students turn to REA's AP® U.S. Government and Politics Crash Course®: Targeted review - everything you need and nothing you don't. Our compact, strategic review is based on an in-depth analysis of the latest course outline and exam format. We unpack the AP® U.S. Government & Politics big ideas and equip you to face the multiple-choice and free-response questions. Crash Course® covers only what's actually tested, so you can make the most of your study time. Expert test-taking strategies and advice. Written by two veteran AP® experts, the book looks at every aspect of today's exam, including required foundational documents and Supreme Court cases, civil liberties and civil rights, and American political ideologies. Boost your score with insights from the people who know the exam from the inside out. Practice questions - a mini-test in the book, a full-length exam online. Are you ready for your exam? Try our focused practice set inside the book. Then go online to take our full-length practice exam. You'll get the benefits of timed testing, detailed answers, and automatic scoring that pinpoints your performance based on the official AP® exam topics - so you'll be confident on test day. Whether you're cramming for the exam or looking to recap and reinforce your teacher's lessons, Crash Course® is the study guide every AP® student needs. About Our Authors Katherine Olson-Goldman has spent the last two decades developing and teaching numerous courses in government and politics, law, and history, including AP® United States Government and Politics, AP® Comparative Government and Politics, and Practical Law. Ms. Olson-Goldman holds a bachelor's degree in political science from DePaul University, a secondary teaching certification from the University of Wisconsin, and a Juris Doctor from Marquette University Law School where she was a Thomas Moore scholar and served on law review. Nancy Fenton, M.A., teaches AP® U.S. Government and Politics at the award-winning Adlai E. Stevenson High School in Lincolnshire, Illinois. She has been teaching government and politics since 2003. Ms. Fenton is also a College Board consultant and has served as a reader for AP® Psychology since 2008 and a table leader since 2017. She has a bachelor's degree in history and holds two master's degrees, one in psychology and one in curriculum and instruction technology.

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and

national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

The Illinois State Constitution traces the history of Illinois constitution from its statehood in 1818 to the adoption of the state's fourth constitution in 1970. Ann M. Lousin, who has been involved in Illinois constitutional development and government for over four decades, provides provision-by-provision commentary and analysis of the state's current constitution, covering the Preamble, the Bill of Rights, and the various articles and amendments, including a survey of case law under each provision.

Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyze the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

Constitutional Law: National Power and Federalism, which is part of a two-volume set, is a problem-oriented guide to the principle doctrines of constitutional law that are covered in the typical course. This straightforward text walks the student through issues pertaining to the structure of our constitutional system, including judicial review, justiciability, national power, supremacy, the separation of powers and federalism, as well as some of the structural limitations that the Constitution imposes on state powers. Designed to encourage students to think about the larger issues of constitutional law with both depth and perception, this straightforward and informal text: Utilizes the unique, time-tested E&E pedagogy that combines textual material with well-written and comprehensive examples, explanations, and questions to test students' comprehension of the materials and provide practice in applying legal principles to fact patterns. the questions (in which there are often a variety of issues presented in one fact situation) are similar to those on a law school or bar examination. Is organized to parallel the major casebooks and will complement any constitutional law casebook Explains legal concepts and principles in digestible sections, followed by examples and analyses that illustrate how to apply these concepts and principles in hypothetical situations. Is part of a two-volume set that includes a corresponding treatment of Individual Rights. Together, these two volumes compose a strong and sophisticated foundation in the doctrines and methods of constitutional law and constitutional argument. With thoroughly updated text and examples and explanations, the Fifth

Edition also incorporates important Supreme Court cases decided during the three terms since the publication of the previous edition, including: *Hawaii v. Office of Hawaiian Affairs*, on adequate and independent state ground of decision; *District of Columbia v. Heller*, on original understanding; *Horn v. Flores*; *Massachusetts v. EPA*; and *Parents Involved in Community Schools v. Seattle School District No.1* on standing; *Hein v. Freedom from Religion Foundation, Inc.* and *Lance v. Coffman*, on citizen and taxpayer standing; *FEC v. Wisconsin Right to Life, Inc.* on mootness; *Van de Kamp v. Goldstein*; *Pearson v. Callahan*; and *Safford Unified School District #1 v. Redding*, on government officials' immunity from damages ; *Ashcroft v. Iqbal*, on Biven's claims; *Medellin v. Texas*, on self-executing treaties and presidential power ; *Boumediene v. Bush*, on separation of powers; *United Haulers Ass'n, Inc. v. Oneida-Herkimer Solid Waste Management Authority*; *MeadWestvaco Corp. v. Illinois Dep't of Revenue*; and *Dep't of Revenue of Kentucky v. Davis*, on dormant commerce clause; *Altria Group, Inc. v. Good*; *Chamber of Commerce of U.S. v. Brown*; *Rowe v. New Hampshire Motor Transp. Ass'n*; *Riegel v. Medtronic, Inc.*; and *Wyeth v. Levine*, on federal preemption; *Watters v. WachoviaBank, N.A.*, on the Tenth Amendment. The authors of this outstanding E&E have close to 60 years of combined experience teaching Constitutional Law. Put that experience to work for your students by requiring or recommending *Examples & Explanations: Constitutional Law: National Power, Fifth Edition*.
