**Plenary Speaker: Timothy
Snyder** Incantations And
Other Stories

This book of short stories is absolutely excellent. The main theme is the compromises that we make to continue to live in within society's standards. They are everyday scenarios taking place in India or Canada. There is a strong feminist slant in this collection, which is definitely refreshing from the other more traditional stories that I've read.

Stories, you could invent your own magical language. This approach makes it much easier to explain how speaking the incantation produces a magical effect. So, if you'll be putting a lot of focus on how magic works in your story or you want to make your magic system as rational as you can, this is a good choice.
