Transport and Logistics | Prospects.ac.uk

Key industry trends. The Department for Transport is committed to investing in transport infrastructure, which incorporates the upgrading of Britain's road and rail network, as outlined in its Transport investment strategy report (2017). Notable projects including the A14 road upgrade and HS2, the high speed rail link, plus major work on the East and West Coast Main Lines.

Overview of the UK's transport industry | Prospects.ac.uk

Strictly speaking, transport refers to the movement of people, and logistics refers to the movement of freight (i.e. goods, natural resources, mail etc.). However, this sector is not just about moving things around the world by road, rail, sea or air. It's also all about managing the supply, demand, distribution and procurement operations too.
