Informed Advocacy in Early Childhood Care and Education

Informed Advocacy in Early Childhood Care and Education: Making a Difference for Young Children and Families deconstructs the myth that advocacy is something done by someone else, or only by someone at state or national levels of government. Rather, advocacy is a skill and responsibility to be practiced at the local level by any and all of us.

Amazon.com: Informed Advocacy in Early Childhood Care and

Description: Early childhood professionals have an ethical obligation to promote shared aspirations amongst communities in order to enhance children's health and wellbeing, advocate for the development and implementation of laws and policies that promote child-friendly communities, and to utilise knowledge and research to advocate for universal access to a range of high-quality early childhood programs for all children.
