Revealed! The secret behind Warren Buffett ' s 20% return rate over 60 YEARS The Warren Buffett Philosophy of Investment reveals—for the first time—how the world ' s #1 investor combines his trademark value investing with a unique approach to mergers and acquisitions. The huge interest in Warren Buffett stems from the challenge to understand his history of earning more than 20% on capital annually during the last 60 years. Modern financial theory does not allow for this degree of success, nor has anyone else been able to replicate it. The book argues that Buffett's secret can be explained only if one looks beyond the theory of investing. The author sees the major drivers of his success as the transformation of Mr. Buffett's name into a super-brand of mergers and acquisitions, as well as his hands-off policy with respect to the acquired companies. As a result, Buffett enjoys numerous opportunities to buy first-class companies at moderate prices and keeps the existing good managers responsible for further value creation. Shortlisted for the Financial Times and Goldman Sachs Business Book of the Year Prize 2008 The Snowball is the first and will be the only biography of the world's richest man, Warren Buffett, written with his full cooperation and collaboration. Combining a unique blend of "The Sage of Omaha's" business savvy, life story and philosophy, The Snowball is essential reading for anyone wishing to discover and replicate the secrets of his business and life success. Warren Buffett is arguably the world's greatest investor. Even as a child he was fascinated by the concept of risk and probability, setting up his first business at the age of six. In 1964 he bought struggling Massachusetts textile firm Berkshire Hathaway and grew it to be the 12th largest corporation in the US purely through the exercise of sound investing principles – a feat never equalled in the annals of business. Despite an estimated net worth of around US\$62 billion, Buffett leads an intriguingly frugal life taking home a salary of only £50,000 a year. His only indulgence is a private jet, an extravagance he wryly acknowledges by calling it "The Indefensible". In 2006, he made the largest charitable donation on record, with most of it going to the Bill & Melinda Gates Foundation. The Snowball provides a comprehensive, richly detailed insight one of the world's most extraordinary and much loved public figures.
