File Type PDF Introduction To Christian Theology Justo L Gonzalez

This book helps beginning theological students grasp the basics of Christian theology. Consciously avoiding the perspective of one school of thought or confessional tradition, the authors provide the reader with a brief, broad overview of the questions and contents of theological study. Their accessible use of language, clear organization, and careful explanation will prove of invaluable aid to those who are getting their theological feet wet for the first time. "In the words of its authors, this book offers an introduction 'to the fuller spectrum of Christian theology as it has developed through the centuries.' Few writers address the historical development of the classic doctrines and the contemporary resonance as adroitly as Gonzalez and Perez. The chapter on Jesus Christ, for example, presents concise summaries of the treatments of Christ's person leading up to Chalcedon, while suggesting a need for a multiplicity of images in understanding the work of Christ that liberates the whole person and restores all creation. Beginning students, as a result, are invited into a living theological conversation, where the contested claims of the past have continued relevance in a contemporary era beset by its undervaluing of the body and creation. Broadly ecumenical in tenor, with reference to theologians from nearly every century, the work should appeal to both a popular readership and introductory students in college and seminary. One disappointing aspect of the book is an absence of Latino/a, feminist, and liberation perspectives. For a work that argues for the contextuality of all theology, and from authors whose previous work has been monumental in Hispanic theological education, this lack is surprising."---David H. Jensen, Austin Presbyterian Theological Seminary, in *Religious Studies Review*, Volume 29 Number 3, July 2003.

In *Essential Theological Terms*, renowned church historian Justo González provides students with accessible discussions of over three hundred theological terms. Each entry in this two-column work gives more detail than those typical of a dictionary, introducing the meaning of the term, its importance,

File Type PDF Introduction To Christian Theology Justo L Gonzalez

and ways it has been understood in both historical and contemporary theology. These reliable discussions of the most common ideas and concepts encountered in theological studies will make this book indispensable for students in all stages of their education.

First published in 1989, *Christian Thought Revisited* offers an overview of three basic models of theology in Western Christianity. The purpose of this categorization is to help students understand the validity and application of all three models in the study of theology today. Gonzalez has updated the discussion on each model to include contemporary concerns.

An introduction to the core Christian doctrines, the historical context in which they arose, and their ongoing importance to contemporary Christian belief and practice. Justo González has long been recognized as one of our best teachers and interpreters of the church's belief and history. In this new volume he lays out the answers to three questions crucial to understanding the Christian tradition: First, what are the core Christian doctrines? What ideas and convictions form the heart of Christian identity? Second, Where did these doctrines come from? What are the historical contexts in which they first rose to prominence? How have they developed across the history of the church? Finally, what do these doctrines mean today? What claims do they continue to place on Christian belief and practice in the twenty-first century? Written with the clarity and insight for which González is famous, *A Short History of Christian Doctrine* will serve the needs of students in church history, historical theology, and systematic theology classes in college/university settings, as well as seminaries/theological schools.

This volume in the popular For Today series, written by the highly respected theologian and author Justo

File Type PDF Introduction To Christian Theology Justo L Gonzalez

González, explains the familiar Apostles' Creed in easy, accessible language. González explores not only what the Creed meant in the early centuries but also its ongoing importance and relevance for Christian faith and practice today. The For Today series was designed to provide reliable and accessible resources for the study and real life application of important biblical texts, theological documents, and Christian practices. The emphasis of the series is not only on the realization and appreciation of what these subjects have meant in the past, but also on their value in the present--"for today." Thought-provoking questions are included at the end of each chapter, making the books ideal for personal study and group use.

An in-depth look at Christian theology through Hispanic eyes. It weaves the doctrinal formulations of the early church on creation, the Trinity, and Christology into contemporary theological reflection on the Hispanic struggle for liberation. This volume offers a major theological statement from a respected theologian and author. Richly insightful and unique, *Manana* is one of the few major theological works from a Protestant representative of the Hispanic tradition. Justo L. Gonzalez offers theological reflections based upon unique insights born of his minority status as a Hispanic American.

Freshly updated for this second edition with considerable new material, this authoritative introduction to the history of Christian theology covers its development from the beginnings of the Patristic period just decades after Jesus's ministry, through to contemporary theological trends. A substantially updated new edition of this popular textbook exploring the entire history of Christian thought, written by the bestselling author and internationally-renowned theologian Features additional coverage of orthodox theology, the Holy Spirit, and medieval mysticism, alongside new sections on liberation, feminist, and

File Type PDF Introduction To Christian Theology Justo L Gonzalez

Latino theologies, and on the global spread of Christianity Accessibly structured into four sections covering the Patristic period, the Middle Ages and Renaissance, the reformation and post-reformation eras, and the modern period spanning 1750 to the present day, addressing the key issues and people in each Includes case studies and primary readings at the end of each section, alongside comprehensive glossaries of key theologians, developments, and terminology Supported by additional resources available on publication at www.wiley.com/go/mcgrath

One of the chief difficulties in studying the history of Christianity is the lack of prior exposure to the subject that students often bring with them. Struggling to keep up with the large numbers of names, dates, and places presented to them, it is easy for students to lose sight of the "big picture," the broad sweep of movement and change that instructors most wish to communicate. Justo Gonzalez has written this book to help students gain just such a quick and basic grasp of the main periods and issues in the history of Christianity. Drawing upon his own extensive experience and that of others, he contends that having been introduced to the essentials of church history in a brief and accessible form, students are far better able to understand and appreciate what they encounter in more detailed lectures and reading. Gonzalez provides a comprehensive opening chapter that summarizes major issues and concerns of each of the principal eras of church history. Subsequent chapters focus on the ancient church, the Christian empire, the Middle Ages, the Reformation, the seventeenth through nineteenth centuries, and the twentieth century and the end of modernity.

In this volume, noted church historians Justo and Catherine Gonzalez introduce readers to important early church figures whose teachings were denounced by the church as heresies. Instructional for what

File Type PDF Introduction To Christian Theology Justo L Gonzalez

they taught and for revealing what the church wished to safeguard and uphold, these "heretics" are engagingly presented in their contexts through clear and accessible text that is highlighted by the humorous illustrations of Ron Hill.

A treatment of the evolution of Christian thought from the birth of Christ, to the Apostles, to the early church, to the great flowering of Christianity across the world. The first volume introduces the central figures and debates culminating in the Councils of Nicea and Chalcedon among which the theologies of the early church were hammered out. Volume 2 #9781426721915 Volume 3 #9781426721939
