Introduction to Type: A ...

Usually, the introduction is one paragraph that explains the objectives or purpose of the lab. In one sentence, state the hypothesis.

Sometimes an introduction may contain background information, briefly summarize how the experiment was performed, state the findings of the experiment, and list the conclusions of the investigation.

Introduction to Personnel Security Student Guide

The introduction to a research paper can be the most challenging part of the paper to write. The length of the introduction will vary depending on the type of research paper you are writing. An introduction should announce your topic, provide context and a rationale for your work, before stating your research questions and hypothesis.

For each available collection type multiple entries can be created which is why each collection type is divided into 2 interfaces: the list view and the edit view (see Writing content). The list view of a collection type displays all entries created for that collection type. From the list view, it is possible to:
