Hibiru, and much more. See, how patterns can reveal the future, what the Garden of Eden really was, and learn about the ancient Gods of Sumer, the Mazzaroth trail, and much more. This book has a heart wrenching love story, and is full of mystery, danger, and excitement, but more importantly, it contains the unveiling of secret knowledge from some old secret journals. Journals, scribed in 1650, have passed down to 'the keeper of the secrets', Samantha O'Brian, who decides to share these amazing secrets with the world. These secrets will open your eyes to wisdom so astounding, that you won't believe your eyes.

the sunshine it needs to grow to its fullest."Keepers of Knowledge awakens awareness of our potential to transcend physical, psychological, inter-personal and societal limitations, habitual conscious states and ways of being. The book is an enlightening account, through amazing conversations, of the messages that Light Beings from the Source transmit to elevate our vibration in harmony with the incoming new intelligence of higher frequency. It offers insights into the strong and loving pathway that persists for our evolutionary advancement. This book shows how body, mind, soul, and spirit express the Self through our Imagination, a source of creative enlightenment far more powerful and effective than modern society has come to regard it. The words of this book return language to its

"Was there a advanced prehistoric civilization in ancient Egypt? Who were the people who built the great pyramids and carved the Great Sphinx? Did the pyramids serve as energy devices and not as tombs for kings? Independent Egyptologist Stephen S. Mehler has spent over 30 years researching the answers to these questions and believes the answers are "Yes!" An indigenous oral tradition still exists in Egypt, and Mehler has been able to uncover and study it with the help of a living master of this tradition, Abd1El Hakim Awyan. from, is she a thief? Written in his trademark lyrical style, Craig Childs's riveting new book is a ghost story--an intense, impassioned investigation into the nature of the past and the things we leave behind. We visit lonesome desert canyons and fancy Fifth Avenue art galleries, journey throughout the Americas, Asia, the past and the present. The result is a brilliant book about man and nature, remnants and memory, a dashing tale of crime and detection.
