Carbohydrates give the body energy. They are in many foods people eat each day. But some carbohydrates are healthier than others. Your Body on Carbohydrates uncovers the nutritional benefits of carbohydrates, how they interact with the body, and how to include them as part of a balanced diet. Easy-to-read text, vivid images, and helpful back matter give readers a clear look at this subject. Features include a table of contents, infographics, a glossary, additional resources, and an index. Aligned to Common Core Standards and correlated to state standards. Core Library is an imprint of Abdo Publishing, a division of ABDO.

For the aficionado of farm equipment, or the scion of an old farming family nostalgic for the old days, or the grown-up boy who still loves a classic piece of old-time machinery, the vintage tractor can be a thrilling find like no other. This book tells dozens of stories of such discoveries, of the treasured old tractor parked in a shed since 1927, of the pristine model unearthed at an estate sale, of the broken-down old beauty stashed in a barn where generations of children have made their secret hideaways. These are the classic tractors that are often as hard to find as a needle in a haystack—but far more fun to discover, as all of these delightful stories make abundantly clear.

This title examines the history of the Washington Redskins, telling the story of the franchise and its top players, greatest games, and most thrilling moments. This book includes informative sidebars, high-energy photos, a timeline, a team file, and a glossary. SportsZone is an imprint of Abdo Publishing Company.

Gluten is found in wheat and some other grains. It's in foods people eat every day. Many people can eat it without problems. Others have a disease that makes gluten damage their bodies. Your Body on Gluten uncovers the nutritional benefits of foods containing gluten, how gluten interacts with the body, and how to include it as part of a balanced diet. Easy-to-read text, vivid images, and helpful back matter give readers a clear look at this subject. Features include a table of contents, infographics, a glossary, additional resources, and an index. Aligned to Common Core Standards and correlated to state standards. Core Library is an imprint of Abdo Publishing, a division of ABDO.

This incisive book is an accessible guide to the laws and policies relating to economic and monetary union (EMU). Providing a rich, multidisciplinary analysis, it combines historical, legal and economic perspectives to offer a detailed understanding of how EMU has developed since its inception and how it works in practice today. This book will be a valuable reference for those teaching and studying advanced courses on EU law, as well as courses that cover the economic history of EU integration.

Ilse Grubrich-Simitis, well-known as a Freud scholar and editor of Freud's works, has long advocated a return to his original texts in order to comprehend fully the power and innovative force of his theories. In Early Freud and Late Freud she examines the earliest psychoanalytic book, Studies on Hysteria, which Freud wrote together with Breuer, and Moses and Monotheism, Freud's last book. The essay on Studies on Hysteria reveals to the reader why that book is indeed the "primal book" of psychoanalysis. Not only does it offer a moving and dramatic account of the birth of the psychoanalytic method, but by introducing the key concept of trauma it establishes a foundation on which much of modern psychoanalysis has been built. Freud was to return to his original theory of trauma in his last book, Moses and Monotheism, where he developed it further in the light of his intervening researches. On the basis of her study of the Moses manuscripts and by applying the psychoanalytic method, Ilse Grubrich-Simitis shows how contemporary traumatic events in Nazi Germany may have influenced this return to the beginning and the intensification of Freud's self-analysis. This in turn was to lead to new insights into archaic forms of defence, pointing the way forward for modern psychoanalysis. Elegantly constructed and persuasively argued, Early Freud and Late Freud re-establishes the importance of two major Freudian texts, offering a new understanding of their significance.

Relates the history of the tractor and shows the changes in design that have resulted in the diesel-powered giants of today.

Service and maintenance procedures for walk behind mowers.
